Wagner Park Flowers

WAGNER PARK NURSERIES
SIDNEY, OHIO

Flowers that bloom in the spring should be planted in the fall. "Autumn is Nature's planting time; Springtime, the season of Heart's delight."

WAGNER PARK NURSERIES, SIDNEY, OHIO

Important to Purchasers --- Read Carefully

EARLY ORDERS. Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without doing an injustice to others who have their orders previously booked. We practice filling orders in rotation as received, in accordance, however, with locality and suitable planting season. In making up your order please give the price or size wanted to avoid delays and errors.

SHIPPING FACILITIES. We are admirably located for making shipments, having the C. C. C. & St. L. (Big Four) Railroad East and West, the B. & O. Railroad North and South; also the Western Ohio Electric; all of which connect with various lines. We have the Express Companies for above railroads, assuring you of prompt and direct service. Unless definite instructions are given, and these can be consistently followed, we must use our best judgment as to how to ship.

PARCEL POST. When found practical we ship by Parcel Post. The roots are wrapped in damp packing material so will carry to most distant states in good condition, unless delayed or left exposed in transit, over which we have no control. In ordering plants by mail please bear in mind that parcels are limited as to size and weight, and large sizes cannot always be sent by mail. Occasionally we find it necessary to Express some orders that are wanted by Parcel Post, or send by Parcel Post some wanted by Express, but such change is made only for good reasons, such as a saving to our clients in transportation cost, or size of package will not warrant it. We prepay Parcel Post shipments, and send notice of amount of postage, if any, due us.

A showy planting of Irises

PLANTS BY EXPRESS.

This is the most satisfactory method of transportation, as it enables us to give good values in the form of fine, large plants which usually receive good care in transit. We do not prepay express shipments, but can send larger plants, and if goods are miscarried they are more easily traced, and if damaged in transit easier to adjust such damage as may have occurred. When sent by express we usually send some extras to help defray the charges. In case of any damaged stock, notify the express agent immediately of the damage as they as carriers are liable for any damages in transit. (Our responsibility ceases when transportation company receipts for the shipment.) Let them also make notation of damage on your express receipt or bill so that no controversies arise later with claim department.

FREIGHT SHIPMENTS.

This method of shipment is advised only with heavy and bulky stock.

Our direct lines North, East, South and West, give us great shipping advantages over those who have only one railroad. In case of any damages to shipment while in transit handle as explained for express shipments.

SPECIAL NOTE. Write your name and shipping address plainly on the sheet containing your order, to avoid mistakes and delays. Many orders are received without any address which always causes much annoyance, delay and dissatisfaction. Prices unless otherwise noted are F. O. B. Nurseries, and we make no charge for packing.

GUARANTEE. Most failures with plants and bulbs growing are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success of growth. We take all possible care to supply such stock as will, under proper conditions, produce satisfactory results. We do guarantee stock to be true to name, and will upon proper proof, replace any that may prove untrue.

REMITTANCES. Remittances should be made by Post Office Money Order, Registered Letter, Bank Draft, or Express Money Order. Our terms are cash, and remittance should accompany order unless satisfactory references are given. Send remittance with order to avoid delays.

THE WAGNER PARK NURSERY CO., - - SIDNEY, OHIO, U. S. A.

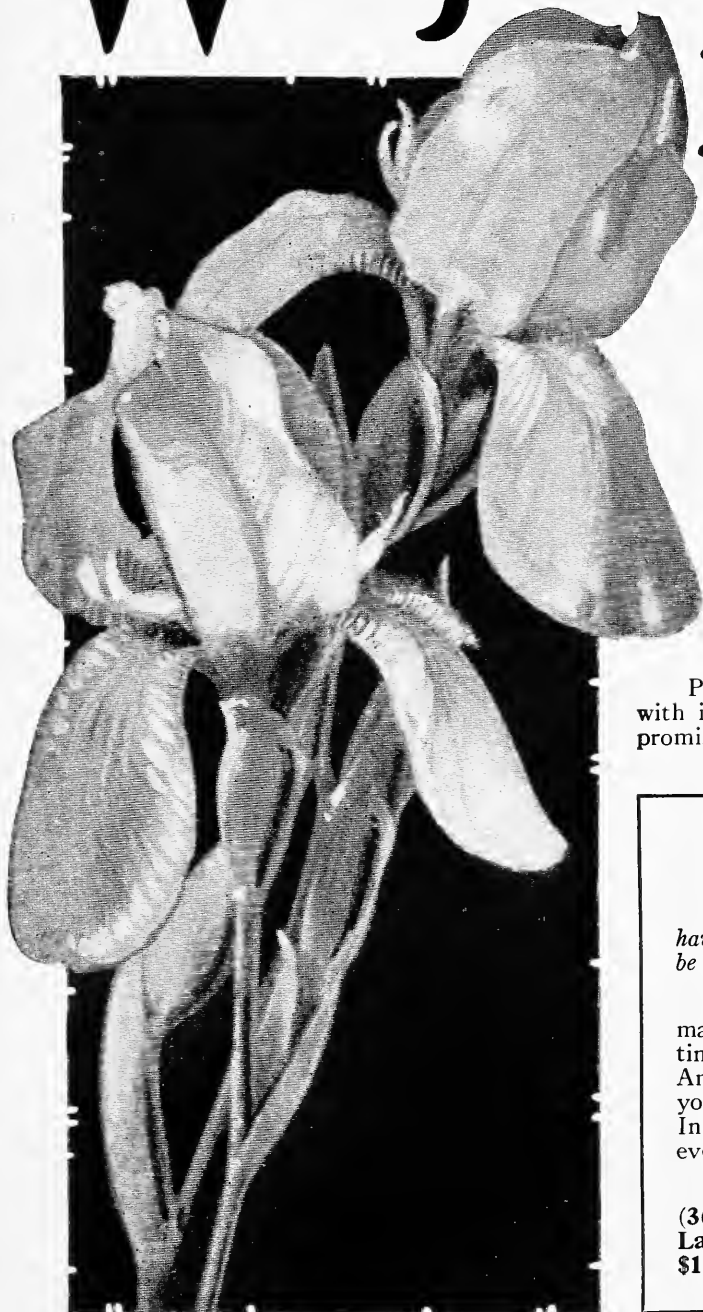

Don't wait till spring to plant and thereby lose an entire year's growth. Get started now. "The Fall best of all." Plant Iris now.

WAGNER PARK NURSERIES, SIDNEY, OHIO

The IRIS has come into its own !

Some of this world are just discovering what was an old story to Milton who sung of "Iris of all the hues." Tennyson, too, saw the beauty of the flower and he wrote of "winding under ranks of Iris."

Wagner's IRIS PLANT NOW

Enjoy Their Flowers Next Spring

The Iris has brought new delights of color in garden and landscape treatment. Iris planted in the fall are sure to bloom the following season. It is vitally important that the matter of early planting be carried out. In recommending Iris as a decorative flowering plant that will give satisfaction, we have no hesitancy at all in saying that Iris has come to stay in the affection of those who live and appreciate the beautiful flowers.

Iris gives to the American lover of flowers a real treat. There are blooms that are worthy of the attention they are attracting. We have grown them in sufficiently large quantities and in infinite varieties to do more than help even the inexperienced garden enthusiast in having a wealth of color next spring. The Iris is a magnificent flower and in colors of infinite range. It is possible to make as good a showing with Iris as with other flowers.

Plant a collection of Iris and you will understand why this flower with its beautiful blossoms and its rich leaves has won such a place of prominence among lovers of attractive gardens.

Our Victory Collection of Iris

"Not every foot of earth need be given to vegetable crops. Let Irises have a place, for the mental as well as the physical forces must be nourished."

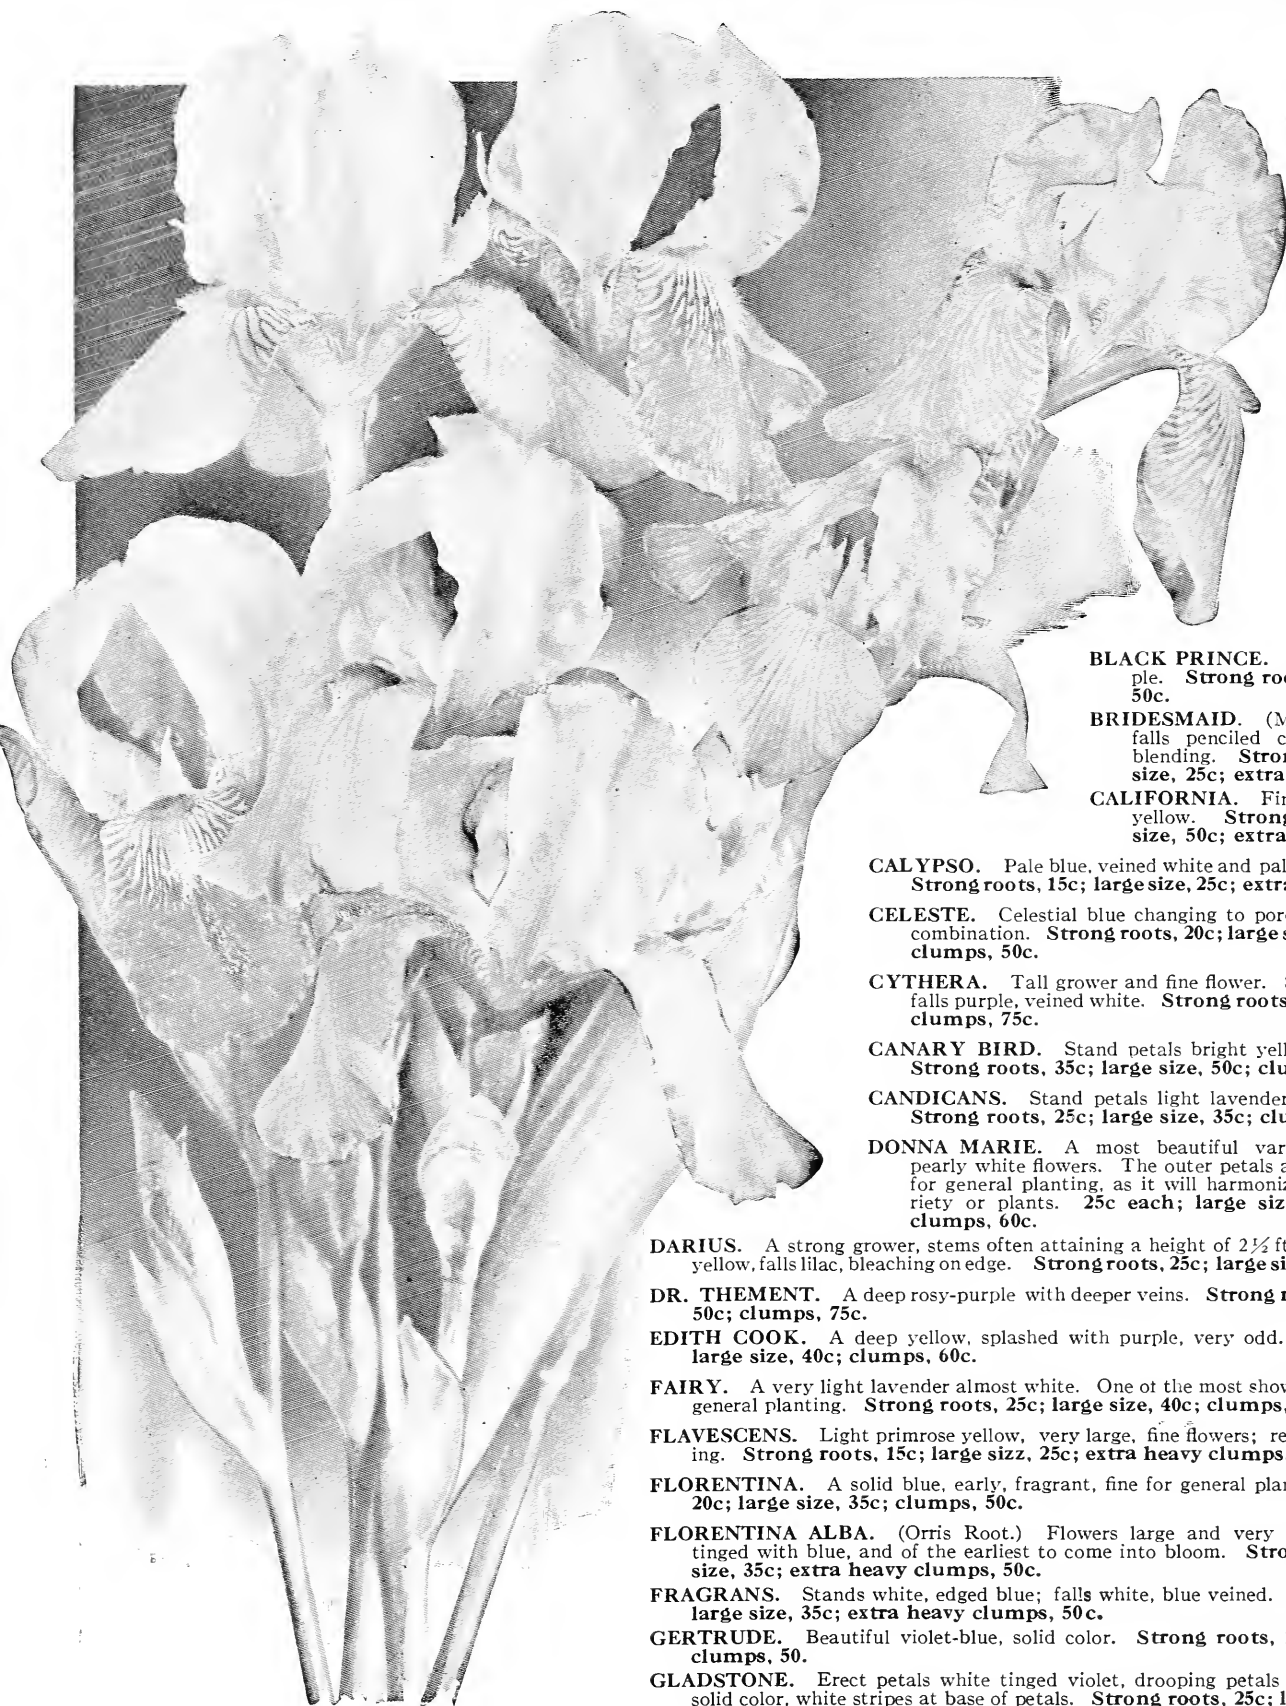

The Iris is a perennial plant that commends itself to you for many reasons. The blooms are beautiful and in their numerous tints of color are a ceaseless delight to the lovers of flowers. We have American-grown Iris of infinite variety and we will be glad to help you demonstrate the added beauty they will give to your place. In this collection will be found a great assortment of colors of almost every shade. Plant Irises extensively, you cannot misplace them.

PRICES: One dozen strong roots, \$1.00; three dozen (36 plants) for only \$2.50; 100 for \$6.00; 1,000 for only \$40.00. Large size, one dozen, \$2.00; three dozen for \$5.00; 100 for \$12.00; 1,000 for only \$75.00.

The Iris is today one of the most fascinating and alluring flowers in the American hardy garden. Plant them freely.

WAGNER PARK NURSERIES, SIDNEY, OHIO

CHOICE NAMED VARIETIES OF IRIS

ATROPURPUREA

Deep purple, large and fine; one of the best for general planting. **Strong roots, 15c; large size 25c; extra heavy clumps, 50c.**

AUREA. A beautiful species producing solid chrome yellow flowers with practically no markings; a good, free bloomer and very hardy. **20c each; large size, 35c each; extra heavy clumps, 50c each.**

ALVELREA. Up-right petals light blue, falls brilliant purple. **Strong roots, 25c; large size, 35c.**

BLACK PRINCE. Early, rich royal purple. **Strong roots, 35c; large size, 50c.**

BRIDESMAID. (M) A soft lavender, falls penciled carmine; a wonderful blending. **Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.**

CALIFORNIA. Fine bright sunflower yellow. **Strong roots, 35c; large size, 50c; extra heavy clumps, 75c.**

CALYPSO. Pale blue, veined white and pale lilac; a grand variety. **Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.**

CELESTE. Celestial blue changing to porcelain; most beautiful combination. **Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.**

CYTHERA. Tall grower and fine flower. Stand petals lavender, falls purple, veined white. **Strong roots, 35c; large size, 50c; clumps, 75c.**

CANARY BIRD. Stand petals bright yellow, falls deep yellow. **Strong roots, 35c; large size, 50c; clumps, 75c.**

CANDICANS. Stand petals light lavender, falls reddish-purple. **Strong roots, 25c; large size, 35c; clumps, 60c.**

DONNA MARIE. A most beautiful variety producing large pearly white flowers. The outer petals are shaded lilac. Fine for general planting, as it will harmonize with any other variety or plants. **25c each; large size, 40c; extra heavy clumps, 60c.**

DARIUS. A strong grower, stems often attaining a height of 2½ ft. Stand petals lemon-yellow, falls lilac, bleaching on edge. **Strong roots, 25c; large size, 40c; clumps, 60c.**

DR. THEMENT. A deep rosy-purple with deeper veins. **Strong roots, 35c; large size, 50c; clumps, 75c.**

EDITH COOK. A deep yellow, splashed with purple, very odd. **Strong roots, 30c; large size, 40c; clumps, 60c.**

FAIRY. A very light lavender almost white. One of the most showy and satisfactory for general planting. **Strong roots, 25c; large size, 40c; clumps, 60c;**

FLAVESCENS. Light primrose yellow, very large, fine flowers; remarkably free-blooming. **Strong roots, 15c; large size, 25c; extra heavy clumps, 50c.**

FLORENTINA. A solid blue, early, fragrant, fine for general planting. **Strong roots, 20c; large size, 35c; clumps, 50c.**

FLORENTINA ALBA. (Orris Root.) Flowers large and very fragrant; color white tinged with blue, and of the earliest to come into bloom. **Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.**

FRAGRANS. Stands white, edged blue; falls white, blue veined. **Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.**

GERTRUDE. Beautiful violet-blue, solid color. **Strong roots, 25c; large size, 35c; clumps, 50.**

GLADSTONE. Erect petals white tinged violet, drooping petals deep violet, almost a solid color, white stripes at base of petals. **Strong roots, 25c; large size, 35c.**

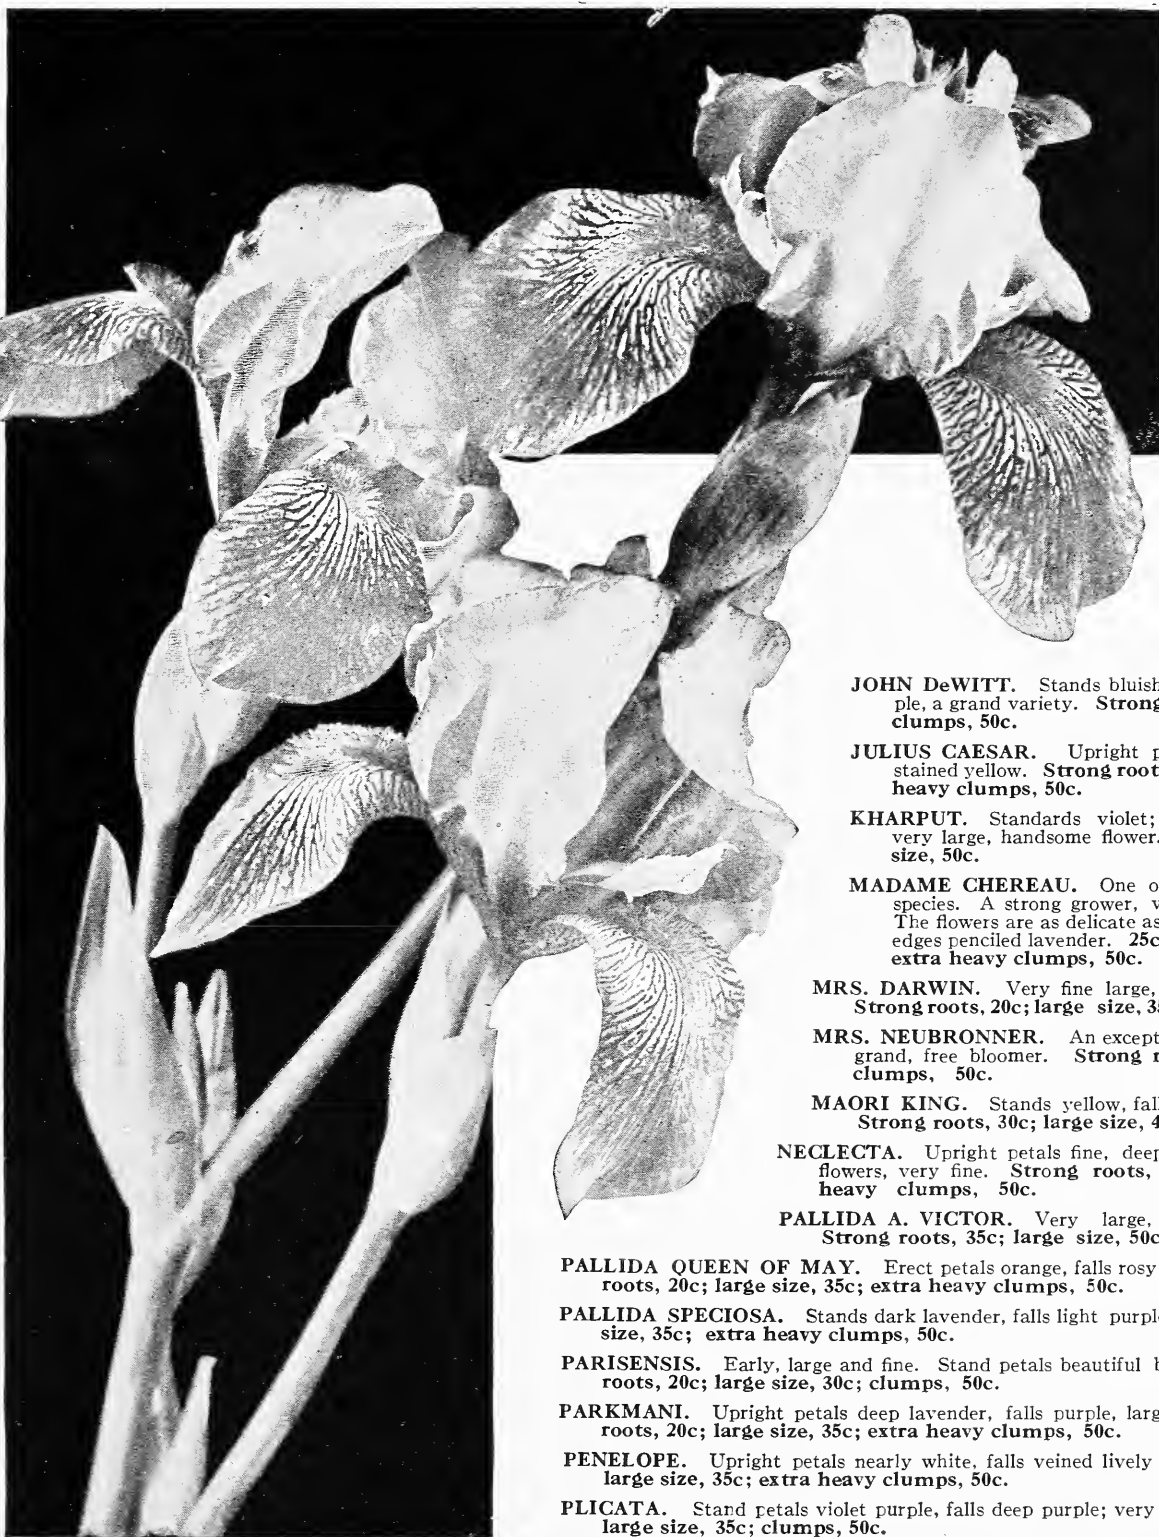

PRICES OF ABOVE VARIETIES OF IRIS IN QUANTITIES—Six plants of any one variety at five times the single rate price. Twelve plants of any one variety at ten times the single rate price. Special prices on 100 and 1,000 lots.

Fall is the time to plant; spring is the time to enjoy the blooming splendor of your garden. Wagner grown Iris will delight you next year.

WAGNER PARK NURSERIES, SIDNEY, OHIO

WAGNER'S CHOICE NAMED IRIS (Continued)

Plant Irises anywhere. They always respond with a showy mass of blossoms even when planted in low, wet and boggy places or on margins of water pools and lakes.

GRACCHUS. Erect petals lemon, drooping petals pale yellow reticulated purple; dwarf compact growing. Strong roots, 25c; large size, 35c.

HARLEQUIN. An orchid-like flower, stands pearly-white with purple spots, falls heavy - striped with deep purple. Strong roots, 25c; large size, 35c; clumps, 50c.

HER MAJESTY. Pinkish violet and deep reddish violet with dark veinings. Strong roots, 25c; large size, 35c; extra heavy clumps, 50c.

HONORABILIS. Stands golden-yellow, falls crimson-brown. Strong roots, 15c; large size, 25c; clumps, 50c.

JOHN DeWITT. Stands bluish-violet, falls deep violet-purple, a grand variety. Strong roots, 20c; large size, 30c; clumps, 50c.

JULIUS CAESAR. Upright petals yellow, falls brownish stained yellow. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

KHARPOT. Standards violet; falls velvety violet purple; very large, handsome flower. Strong roots, 35c; large size, 50c.

MADAME CHEREAU. One of the most popular of this species. A strong grower, very hardy and free bloomer. The flowers are as delicate as orchids, are pure white with edges penciled lavender. 25c each; large size, 35c each; extra heavy clumps, 50c.

MRS. DARWIN. Very fine large, pearly white, free flowering. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

MRS. NEUBRONNER. An exceptionally fine golden yellow. A grand, free bloomer. Strong roots, 25c; large size, 35c; clumps, 50c.

MAORI KING. Stands yellow, falls satiny-brown edged yellow. Strong roots, 30c; large size, 40c; clumps, 60c.

NECLECTA. Upright petals fine, deep lavender, falls purple, large flowers, very fine. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

PALLIDA A. VICTOR. Very large, deep lavender, extra fine. Strong roots, 35c; large size, 50c; extra heavy clumps, 75c.

PALLIDA QUEEN OF MAY. Erect petals orange, falls rosy lilac, veined yellow. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

PALLIDA SPECIOSA. Stands dark lavender, falls light purple. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

PARISENSIS. Early, large and fine. Stand petals beautiful blue, falls deep blue. Strong roots, 20c; large size, 30c; clumps, 50c.

PARKMANI. Upright petals deep lavender, falls purple, large flowers, very fine. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

PENELOPE. Upright petals nearly white, falls veined lively purple. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

PLICATA. Stand petals violet purple, falls deep purple; very striking. Strong roots 25c; large size, 35c; clumps, 50c.

PRICES OF ABOVE VARIETIES OF IRIS IN QUANTITIES—Six plants of any one variety at five times the single rate price. Twelve plants of any one variety at ten times the single rate price. Special prices on 100 and 1000 lots.

The advantages of Fall Planting appeal to anyone who looks forward to a dash of flower color through his windows next season.

WAGNER PARK NURSERIES, SIDNEY, OHIO

WILLIAM III. General effect of this variety is a lavender pink, a color very rare among Iris. Strong roots, 20c; large size, 35c; extra heavy clumps, 50c.

Siberian Iris

Some Very Special and Desirable Iris

ORIENTALE BLUE KING

One of the most beautiful of the Iris and a native of Japan. The blossoms are borne on tall, erect stalks and are a bright clear blue in color. Foliage is narrow, grass-like, and remains green throughout the summer. Strong roots, 20c, 3 for 50c, \$2.00 per dozen; large size, 35c, 3 for \$1.00, \$3.50 per dozen; clumps, 50c, \$5.00 per dozen.

SIBERIAN IRIS

The most elegant and delicate of the Iris. Foliage narrow, grass-like with stems long and blossoms a clear blue. A very fine flowering variety, and one of the best for cutting. 20c each, 3 for 50c, \$1.50 per dozen; large size, 30c, 6 for \$1.50, \$2.75 per dozen; heavy clumps, 50c each, \$5.00 per dozen.

ORCHID IRIS (Pseudacorus)

Rare and beautiful indeed is this variety owing to its habits, form and color of flowers. It is a healthy, robust grower, upright, and flowers borne on strong, stiff stems. The flowers are pure yellow, a color rarely seen among Irises. Blooms in May and June. Height, 2½ feet. Strong roots, 25c; large size, 35c; clumps, 50c.

WAGNER'S SNOW WHITE IRIS GIGANTEA

A grand, tall, strong, vigorous grower, producing thick, heavy dark green foliage and grows very erect. The foliage remains green all season and contrasts finely with shrubs and other plants. The large, pure, snow-white blossoms have a waxy appearance and are freely produced.

This variety flowers somewhat later, coming into bloom during June, just ahead of the Japanese. Gigantea is a variety unsurpassed for cutting and is of the easiest culture; will grow and thrive in any ordinary soil. Plant them now and obtain their full effect for next season. Strong roots, 20c; 3 for 50c, \$2.00 per dozen; large size, 35c, 3 for \$1.00, \$3.50 per dozen; clumps, 50c, \$5.00 per dozen.

JAPANESE IRIS

IRIS KAEMPFERI. (Royal Purple.) Beautiful sort. The color is a clear, deep royal purple, and the flowers are double, having six large, broad petals. Strong roots, 35c, 3 for \$1.00, \$3.50 per dozen; large size, 50c, \$5.00 per dozen; clumps, 75c to \$1.00 each.

MIXED COLORS. A variety of shades and colors. Strong roots, 30c, 4 for \$1.00; large size, 40c, \$4.00 per dozen; clumps, 60c to 75c each.

WAGNER'S EXTRAORDINARY OFFER No. 1 "A SCORE OF THE BEST IRIS AND A FEW OVER"

50 ASSORTED IRIS, our selection, labeled true to name, strong roots, \$ 2.50;	large size, \$ 5.00;	heavy clumps, \$ 10.00
100 ASSORTED IRIS, our selection, labeled true to name, strong roots, \$ 4.00;	large size, \$ 8.50;	heavy clumps, \$ 18.00
500 ASSORTED IRIS, our selection, labeled true to name, strong roots, \$18.00;	large size, \$40.00;	heavy clumps, \$ 80.00
1000 ASSORTED IRIS, our selection, labeled true to name, strong roots, \$32.50;	large size, \$75.00;	heavy clumps, \$150.00

Fall is the planting season ideal. Weather conditions are most favorable, soil is most amenable to handling and there is more time to plant properly.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Wagner Park Peonies

"Flowers are the sweetest things that God ever made and forgot to put a soul into," said Henry Ward Beecher in the long ago. Although America's love for the peony had its beginning back in the 1850's, the flower has a distinguished genealogy. Its history can be traced back through the centuries of the mythological days of Greece. The peony has figured in the Roman Empire, China, Japan, France, England and America. Legend has it that Leto, mother of Appollo, first nurtured the peony. Today this flower is grown extensively. The peony is one of the especial favorites of the Wagner Park Nursery Company which has developed it for its splendid decorative qualities.

The American Peony Society has done much to popularize the peony. It is a hardy flower. Even when neglected it struggles bravely to show its loveliness and it succeeds even with the handicap of inattention. Cultivated and given the proper care, no flower is lovelier. The magnificence of its mass makes it a flower of splendor and majesty. The leaves no less than the blossoms themselves make the peony a most valuable flower for landscape and garden decoration. Some of the leaves are divided and fern-like, others broad and strong. Many glisten with coats of Nature's own varnish and in colors, range through many shades of green, tinged with red and copper.

The peony is a perennial that commends itself to you for many reasons. The blooms are beautiful and in their numerous tints of white, pink and red are a ceaseless delight to the lovers of flowers. The size of both plant and flower makes it a valuable selection for the garden architect. The lasting fragrance of the blossoms makes the peony an ideal cut flower. The foliage stays fresh throughout the summer and retains its unusual brilliancy until Jack Frost comes late in the fall. Anybody can raise peonies. There are fewer disappointments with peonies than with roses. The peony is not likely to suffer from plant diseases and its extreme hardiness makes it a universal favorite.

Our Three First Prize Peonies

These three varieties we consider the very best for general planting for cut flower purposes. The First Prize White is the first to flower, being succeeded just before its flowers begin to fade by the First Prize Pink which in turn is succeeded by the First Prize Red, making a flowering period of almost two months. When peonies are in bloom there is generally a scarcity of cut flowers, so plant them freely.

FIRST PRIZE WHITE—Large pure white with a very few pink markings at tips of center petals. Unusually large, full, double flowers. Fine for general cultivation. Strong roots, 75c, 3 for \$2.00, \$7.50 per dozen; larger size \$1.00, 3 for \$2.50, \$9.00 per dozen; clumps, \$2.50 each.

FIRST PRIZE PINK—Beautiful pink, tips shading to silver shade; almost identical to a La France rose. Blossoms extra large, long stems. An excellent grower, doing well most anywhere. Strong roots, 50c, 3 for \$1.25, \$4.50 per dozen; large size, 75c, 3 for \$2.00, \$7.50 per dozen; clumps, \$2.00.

FIRST PRIZE RED—In color this variety resembles the American Beauty rose, but surpasses it on account of its larger size and profusion of blossoms. A late blooming variety which prolongs the flowering period of peonies to almost two months. Strong roots, 40c each, 3 for \$1.00, \$3.50 per dozen; large size, 60c, 3 for \$1.50, \$5.00 per dozen; clumps, \$1.50 each.

SPECIAL OFFER PRIZE PEONIES—One of each color. Strong roots, \$1.50; large size, \$2.00; clumps, \$5.00.

Plant Peonies now if you want best results. Do not make a mistake by delaying the planting. The earlier it is done the better the result.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Lady Bramwell

HUMEI ROSEA. Enormous double pink flowers of good growth and compact habit. Strong roots, 25c; large size, 40c; clumps, 75c.

IRMA. Soft clear pink with outer petals of carmine. Strong roots, \$1.00; large size, \$1.50; clumps, \$2.50.

IVORY. White with ivory tints, pure white center, flowers medium size and very delicate. Strong roots, 75c; large size, \$1.25; clumps, \$2.00.

JAMES ODIER. Guard petals deep pink, center silver pink suffused with chamois. Strong roots, \$1.25; large size, \$2.00; clumps, \$4.00.

LADY ELBROWER. Light pink; among the freest flowering peonies we have and the color is a beautiful shade. Strong roots, 40c; large size, 60c; clumps, \$1.00.

LADY BRAMWELL. Silvery rose; a very delicate variety and will thrive in most any ordinary garden soil. Strong roots, 40c; large size, 75c; clumps, \$1.00.

LADY MURIEL. Pale pink, beautiful variety. Strong roots, \$1.00; large size, \$1.50; clumps, \$2.50.

LAMARTINE. Soft rose; fragrant and free bloomer. Strong roots, \$1.00; large size, \$1.50; clumps, \$3.00.

DOUBLE PEONIES

(Continued)

ACHILLES. Light flesh pink. Strong roots, 75c; large size, \$1.00; clumps, \$2.00.

AMERICAN BEAUTY. Deep pink. Strong roots, 50c; large size, 75c; clumps, \$1.00.

BEAU BRUMMEL. Clear pink, compact in shape, with silver reflex. Strong roots, \$1.00; large size, \$1.50; clumps, \$2.50.

BEAUTE FRANCOISE. Beautiful delicate pink, deeper pink in center. Strong roots, \$1.25; large size, \$2.00; clumps, \$4.00.

CHARLEMAGNE. Lilac white, slight blush center. One of the best. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.

CLARISSA. Rose pink. One of the finest flowering varieties we grow. Strong roots, 35c; large size, 60c; clumps, \$1.00.

COMTE DE MANTEUIL. Flower has deep rose petals tipped with white. Strong roots, 75c; large size, \$1.00; clumps, \$2.00.

COMPTE DE PARIS. Rose color with salmon center, a variety that will always give satisfaction. Strong roots, 35c; large size, 50c; clumps, \$1.00 each.

COUNTESS SARAH. Rose washed with white; petaloides, silver pink like Chrysanthemums. Strong roots, \$1.00; large size, \$2.00; clumps, \$5.00.

DORTON'S COROS. Beautiful bright pink, a showy and free flowering variety and of a solid color. A very satisfactory peony. Strong roots, 35c; large size, 50c; clumps, \$1.00.

DOYOND EUGHEN. Dark rose, fine. Strong roots, 75c; large size, \$1.00; clumps, \$2.00.

DUC DE GAZES. Outer petals deep rose, center silvery rose. Strong roots, 40c; large size, 60c; clumps, \$1.00.

FESTIVA MAXIMA. One of the largest white varieties. Strong roots, \$1.00; large size, \$1.50; clumps, \$2.50.

FRAGRANS. Violet rose, all of one color, very full and sweet, a rather late flowering sort. Strong roots, 35c; large size, 50c; clumps, \$1.00.

FRANCIS ORTEGATE. Brilliant purplish-crimson flower. Very showy. Strong roots, \$1.00; large size, \$2.00; clumps, \$4.00.

GOLDEN HARVEST. Pale pink to peach blossom pink, white crown. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.

LA SUBLIME. Crimson, fine, full, fragrant. Strong roots, \$1.00; large size, \$2.00; clumps, \$4.00.

L'ESPERENCE. Rose pink; early, fragrant. Strong roots, \$1.00; large size, \$1.50; clumps, \$2.50.

L'INDISPENSABLE. Very large, cup shape bloom finishing with a high built center; delicate pink, almost white. Strong roots, \$1.00; large size, \$2.00; clumps, \$3.50.

LOHENGRIN. Salmon pink center with deep pink collar. Strong roots, \$1.50; large size, \$2.50; clumps, \$4.00.

MD. BRESON. Flesh color, whitish yellow center. Strong roots, 50c; large size, \$1.00; clumps, \$2.00.

MME. CALOT. Large, white and yellow. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.

MME. EMILE CALLE. Delicate sea-shell pink without any shading. Extra fine. Strong roots, \$1.50; large size, \$2.50; clumps, \$5.00.

MME. FOREL. Light pink, silver tipped center; fragrant. Strong roots, \$1.00; large size, \$1.50; clumps, \$2.50.

PRICES IN QUANTITIES Six plants of any one variety at five times the single rate price. Twelve plants of any one variety at ten times the single rate price.

TWO NEW PEONIES (Our Own Introduction)

MARY ELIZABETH. (Our own introduction.) A remarkably good Peony with stems 2½ ft. long, and producing as many as five to seven buds and often blossoms on one stock. Some are tight buds while some stems are full-open and half-open flowers. Color is a light pink in bud opening to creamy white in center and when blooms are full open are pure white with few carmine red flakes on certain petals, an unusual combination to see the different shades of a color on one stem. Very large fully double flowers. When the flower is fully open the outer petals remain a delicate pink shade. Strong roots, \$1.00; large size, \$2.00; clumps, \$3.50 each.

LIBERTY. (Our own introduction.) A variety of rather dwarf growth but compact habit with smaller foliage than most Peonies. The flowers are peculiarly formed having very broad outside petals which are of a delicate flesh pink color. The inner petals are narrow but closely formed and compact resembling a Chrysanthemum and of the same delicate pink shade. The variation in the width and shape of the petals make this variety one of distinction and merit. Strong roots, 75c each; large size, \$1.50; clumps, \$3.00 each.

INTRODUCTORY PEONY OFFER

One each variety, strong roots, \$1.50; one each variety, large size, \$3.00; one each variety, clumps, \$6.00.

No other flower will give such an attractive display of blossoms and supply of cut flowers. Once planted practically take care of themselves. Plant now. WAGNER PARK NURSERIES, SIDNEY, OHIO

DOUBLE PEONIES

(Continued)

Prince of Wales

MARIE LEMOINE. Delicate flesh, a very free flowering variety and one that may be depended upon. **Strong roots, 50c; large size, \$1.00; clumps, \$2.00.**

MARS. Dark purple crimson, yellow antlers. **Strong roots, \$2.00; large size, \$3.00; clumps, \$5.00.**

MEISSONIER. Mediumsize, bombshape, developing a crown with age. Reddish-purple, uniform color, fragrant. Free bloomer, midseason. **Strong roots, \$1.00; large size, \$2.00; clumps, \$3.50.**

MODEL OF PERFECTION. Large, compact, rose type. Guards and collar light violet-rose or flesh pink, very wide, high center petals shaded slightly darker. Fragrant. Medium dwarf. Free bloomer. **Strong roots, 75c; large size, \$1.25; clumps, \$2.50.**

ODORATA. Guard petals deep rose, rosette center of lighter shade. **Strong roots, 75c; large size, \$1.25; clumps, \$2.50.**

PRINCE OF WALES. Bright pink, one of the best and brightest of all, medium size flowers, free bloomer. **Strong roots, 50c; large size, 75c; clumps, \$1.50.**

ROSEA ELEGANS. Delicate rose. **Strong roots, 50c; large size, 75c; clumps, \$1.25.**

RUBRA SUPERBA. Magnificent, rich, brilliant crimson, very large and double. **Strong roots, \$1.00; large size, \$2.00; clumps, \$4.00.**

WAGNER PARK. A beautiful clear pink, of fine form. **Strong roots, 75c; large size, \$1.25; clumps, \$2.50.**

MIXED. This grand mixture includes some of the finest sorts. No imperfect ones among them. **Strong roots, 35c; 3 for \$1.00, \$3.50 dozen; large size, 50c, 5 for \$2.00; clumps, 75c, 5 for \$3.00.** Many choice varieties are in this mixture.

SINGLE PEONIES

SINGLE BLUSH PINK. A wonderful free-flowering variety, extra large petals and most delicate color. **Strong roots, 75c; large size, \$1.00; clumps, \$2.00.**

SINGLE RED. Very showy. **Strong roots, 75c; large size, \$1.00; clumps, \$2.00.**

TENUIFOLIA. Rich crimson. Finely cut foliage. **Strong roots, 50c; large size, 75c; clumps, \$1.25.**

JAPANESE VARIETIES

Everyone should have a collection of these Peonies. Their large, showy flowers resembling chrysanthemums, are very fine for cutting.

MILES STANDISH. Outer petals shell pink, chrysanthemum center. An excellent variety. **Strong roots, 50c; large size, 75c; clumps, \$1.50.**

QUEEN ESTHER. Outer petals blush white. Chrysanthemum center. A beautiful and showy variety, free bloomer. **Strong roots, 50c; large size, \$1.00; clumps, \$2.00.**

PRICES IN QUANTITIES Six plants of any one variety at five times the single rate price. Twelve plants at ten times the single rate price.

SPECIAL NOTE

Our Peonies are freshly dug and shipped from our fields, thus when ordering from us you get them in a fresh and vigorous condition, no dried out roots among them.

Those offered as strong roots should produce from 2 to 4 growths the first season under ordinary conditions. Our large sizes are well developed and we can highly recommend this size for general planting and quick results. Those varieties offered in clumps are for producing immediate effects. They are unusually large and fine.

The charm of the garden rests in constant change and variety, which can be better secured with hardy plants than with any others. Plant hardy flowers. WAGNER PARK NURSERIES, SIDNEY, OHIO

Day Lillies (Hemerocallis)

One of the most beautiful and popular of our garden perennials. The foliage is narrow, grass-like, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in the severest climates. They possess a constitution equal to that of Golden Glow. The flowers resemble the famous Easter Lilies. The blossoms are excellent for cutting, lasting a long while and the most backward buds will open when in water.

The culture of these plants is very simple as they thrive in almost any kind of soil, but the most luxuriant growth and profusion of blossoms may be had when planted in a shady, moist location. Our stock of Hemerocallis is field grown and can be depended upon to be the truest grown. Certainly no perennial is more worthy of cultivation and none more satisfactory. For massing or planting in the hardy border with other varieties of plants or shrubs is unrivaled.

APRICOT. (D) A splendid new hybrid variety of good growth. Flowers are a rich apricot shade, a color seldom seen among plants. **Strong roots 25c; large size 35c; clumps 50c.**

DISTICHA FL. PL. (M) Broad foliage of good height. A late blooming variety. Flowers are double, orange yellow shaded copper. **Strong roots, 35c; large size, 50c; clumps, 75c.**

DUMORTIERI. (D) A dwarf growing variety and of the earliest to bloom. Flowers a rich candidum yellow, reverse of petals bronze orange. **Strong roots, 20c; large size 30c; clumps 50c.**

FULVA. (M) A commonly known variety of the easiest culture. Flowers bronzy orange color. **Strong roots, 10c; large size, 20c; extra heavy clumps, 35c.**

GOLD DUST. (D) Flowers bright Indian-yellow, buds and reverse of petals bronzy gold. One of the choicest varieties. **Strong roots, 20c; large size, 30c; clumps, 50c.**

LUTEOLA. (M) A magnificent new hybrid combining the floriferous characteristics of Thunbergii. The long-tubed half reflexed, bright yellow flowers are borne on tall branching stems, each flower very large. **Strong roots, 20c; large size, 30c; clumps, 50c.**

LUTEA MAJOR. (M) A good strong grower, producing golden yellow flowers on very long stems. Very free flowering. **Strong roots, 35c; large size, 50c; clumps, 75c.**

MIDDENDORFII. (M) This variety is a native of Siberia and Japan. The blossoms are golden yellow and are fragrant. **Strong roots, 35c; large size, 50c; clumps, 75c.**

SEIBOLDI. (M) One of the earliest to bloom. Deep orange yellow. **Strong roots, 20c; large size, 30c; clumps, 50c.**

THUNBERGII. (D) This beautiful variety possesses all the desirable features in hardiness and vigorous growth. Blossoms are pure yellow and sweetly scented and produced on long stems. It blooms so freely it would be practical to class it among the everblooming plants. **Strong roots, 25c; large size, 35c; clumps, 50c.**

Quantity Prices of Hemerocallis

Six plants of any one variety at five times the single rate price. Twelve at ten times single rate price.

Winnipeg, Canada, May 10, 1922.

Gentlemen: My order for Peonies, Iris and Lilies was received yesterday in splendid condition. The extra root very much appreciated. Thanking you, B. S. B.

Nashville, Tenn., June 23, 1922.

Gentlemen: The plants ordered from you arrived some days ago. Fine stock and excellently packed. Thank you. J. T. D.

Plant hardy flowers and you will have gardens that will be artistic, interesting and beautiful from early spring until late in the fall.

WAGNER PARK NURSERIES, SIDNEY, OHIO

WAGNER PARK MALLOWS *Indescribably Beautiful Flowers*

Are absolutely hardy, and are thriving in Canada, in the mountain portions of the Northern States as successfully as in the South. They surpass all other perennials in profusion of bloom, flowering propensities and brilliancy of color. From late June until October arrives, the flowers continue to appear in great profusion. They will grow and bloom in any soil, but do best in a rich, moist soil. They like plenty of water, but should not be planted in a swamp where water will stand around the roots. The flowers are of immense size, often measuring eight to ten inches across. Colors are Crimson, Red,

Rose, Pink and White. We offer separate colors but we highly recommend the mixed colors. They are hardy and will thrive from Maine to California, from Canada to the far South. In planting Mallows see that the hole is made large enough to permit the spreading of the many large roots. Press the soil firm and when hard freezing begins mulch with leaves or other material, as strawy manure, etc. Do this especially the first season for the freezing and thawing sometimes experienced might otherwise lift the plants. After once established one need not necessarily do this, yet a mulch is always beneficial.

Prices of Mallows

CRIMSON MALLOWS. Most beautiful flower of all. Nothing more gorgeous in color. **Large plants, \$1.00; extra large \$1.50; clumps \$2.00 each.**

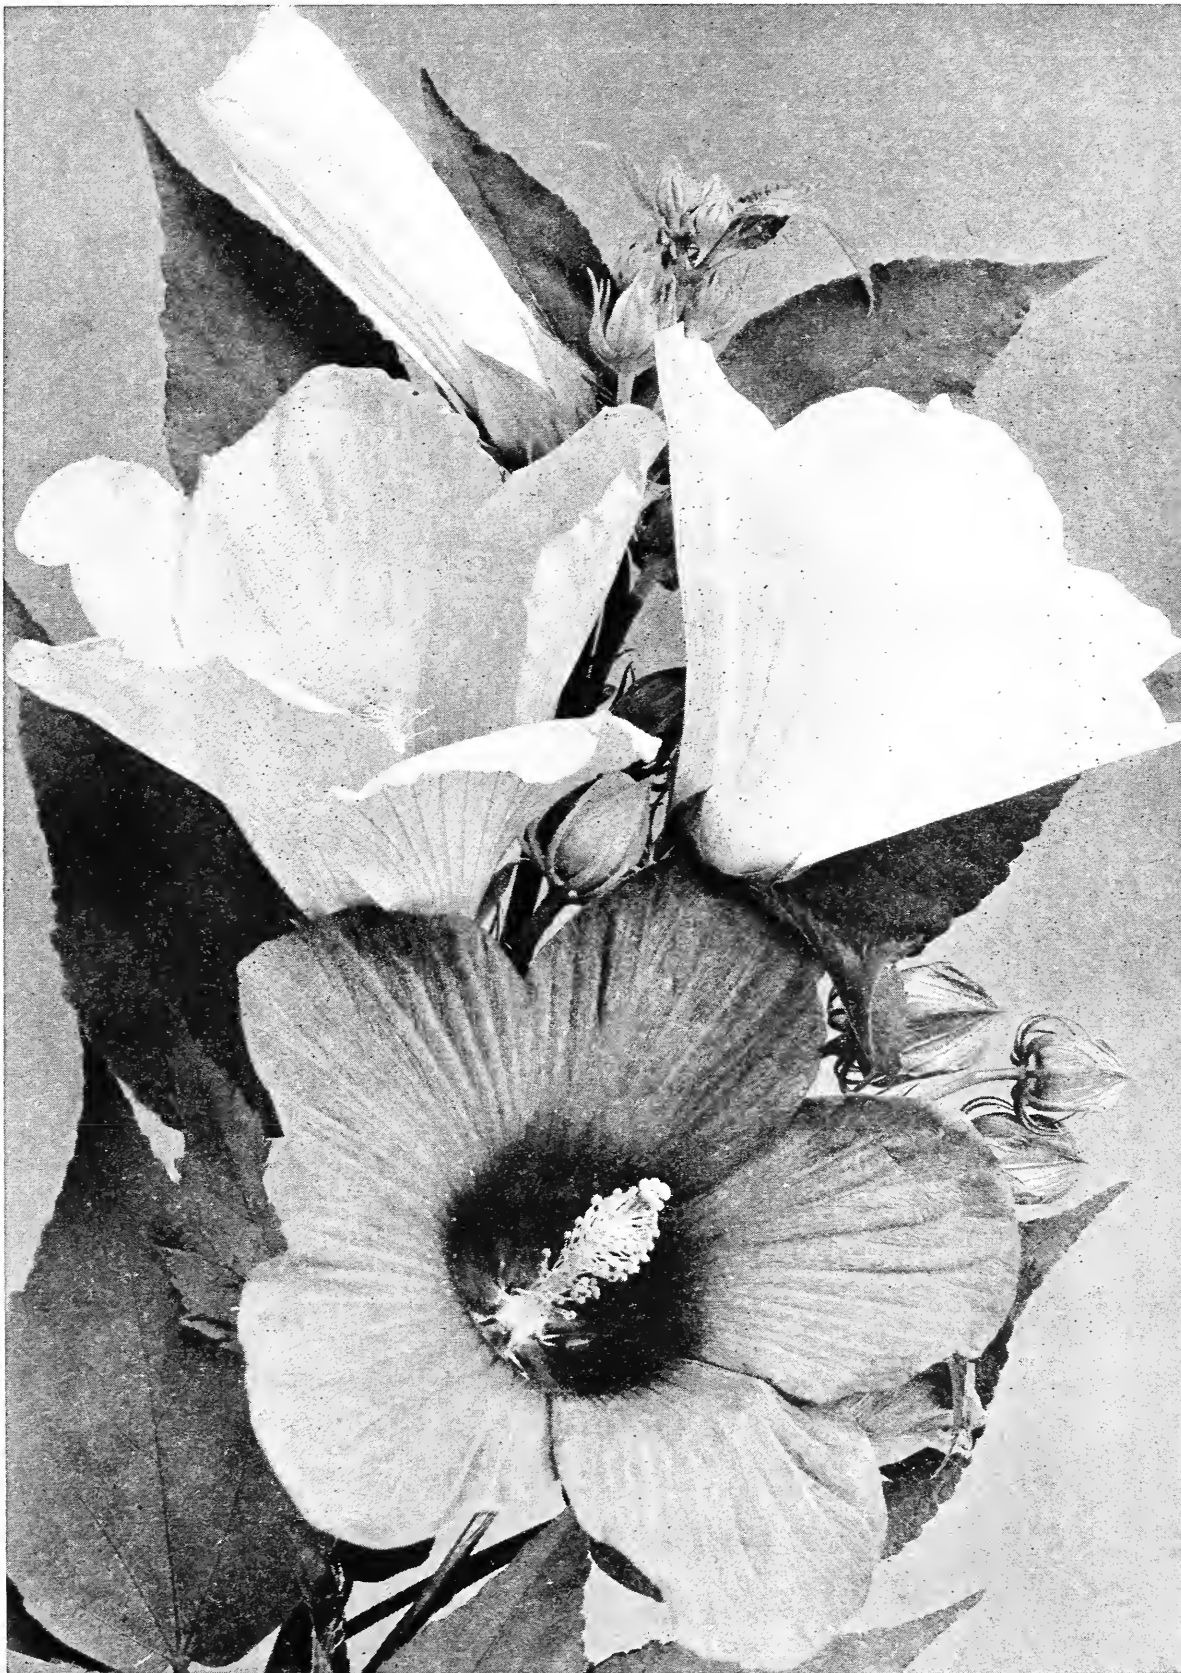

RED AND ROSE SHADES. This lot includes all choice bright shades. **Large size, 75c; extra large, \$1.00; clumps, 1.50.**

PINK MALLOWS. Most delicate shades of pink found among these. **Large size, 50c; extra large, 75c; clumps, \$1.00.**

WHITE MALLOWS. Center of blossoms a rich crimson, making a fine contrast. **Large size, 50c; extra large, 75c; clumps, \$1.00.**

CRIMSON MALLOWS SEEDLINGS. These plants are grown from seed collected from the choicest crimson flowering plants and most of these plants will prove to be beautiful crimson and red shades. **Thrifty plants, 50c; larger size, 75c to \$1.00 each.**

MALLOW—MIXED COLORS. This collection includes a great variety of colors from pure white and pink to dark red and scarlet shades. Every plant will bloom and give satisfaction. **Thrifty plants, 15c; large size, 25c; clumps, 35c to 50c each.**

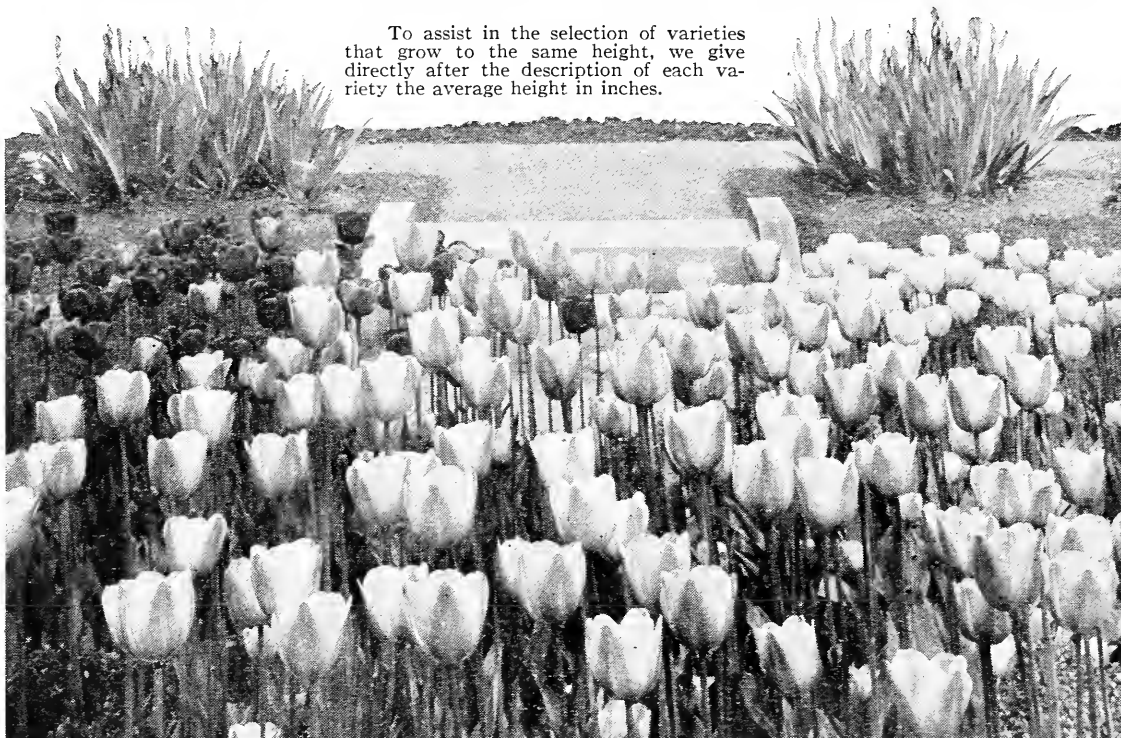

Set out your Hardy Plants, your Tulips, Hyacinths, Daffodils, your Peonies, your Hardy Shrubs and Vines NOW. Fall gives the planter generous grace.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Wagner's Named Single Early Tulips

The Tulip is always attractive from its beauty and brilliancy of color, and is one of the popular early spring flowers. A few bulbs scattered here and there produce but little effect, but when planted in masses or in groups they become at once grand and brilliant, and eclipse in variety of

To assist in the selection of varieties that grow to the same height, we give directly after the description of each variety the average height in inches.

coloring and picturesque effect almost any other flowers. Tulips require cultural treatment similar to Hyacinths; the bulbs, being smaller, should not be planted so deep. When grown indoors, put six bulbs in a 6-inch pan or pot. Those varieties marked with asterisk (*) are best for forcing.

ARTUS. Dark scarlet, elegant flower, one of the most used red tulips for bedding on account of its keeping qualities. Recommended. 10 inches. 60c per dozen; \$4.50 per 100; \$30.00 per 1000.

BELLE ALLIANCE. Brilliant scarlet, large flower. 12 inches. 70c per dozen; \$5.00 per 100; \$37.00 per 1000.

***CHRYSOLORA.** Pure yellow, large. 12 inches. 70c per dozen; \$5.10 per 100; \$34.00 per 1000.

COTTAGE MAID. Rose with white shade; a lovely variety, splendid for bedding. This is the most satisfactory light pink Tulip on account of its form and keeping qualities; this variety cannot be praised too highly. 12 inches. 70c per dozen; \$5.10 per 100; \$37.00 per 1000.

***DUCHESS DE PARMA.** Deep orange maroon, with an irregular border of deep golden yellow, very large globular flowers, which makes it an exceptionally showy bedding Tulip, very similar to Keizerkroon, for which variety it is used in the cheaper trade. 10 inches. 65c per dozen; \$4.80 per 100; \$32.00 per 1000.

***KEIZERKROON.** Bright red with broad yellow border, large flower on strong stem, fine for forcing and very effective for bedding; the most showy and popular bedding Tulip, for which purpose thousands and thousands are used. 16 inches. 60c per dozen; \$4.50 per 100; \$30.00 per 1000.

L'IMMACULEE. Pure white, early; a good white Tulip for bedding. 10 inches. 60c per dozen; \$4.50 per 100; \$30.00 per 1000.

***PROSERPINE.** Rosy carmine with white center, marked slate-blue; an enormous large flower of a full globular shape, sweet scented. This is the best Tulip for early forcing and also an extremely handsome bedding Tulip. 14 inches. \$1.10 per dozen; \$8.10 per 100; \$57.00 per 1000.

***QUEEN OF THE NETHERLANDS.** Very soft, pale rose, flushed white, with white base; very large egg-shaped flower of a fine form; good forcer; one of the finest pale pink Tulips for either forcing or bedding. 15 inches. 80c per dozen; \$6.00 per 100; \$40.00 per 1000.

ROSAMUNDI HUIKMAN. Delicate rose and white. 10 inches. 90c per dozen; \$7.00 per 100; \$50.00 per 1000.

***YELLOW PRINCE.** Clear yellow, sometimes streaked with dull, brownish red, large flower, sweet scented. A fine bedding Tulip, for which it is used in large quantities, also good forcer. 8 inches. 55c per dozen; \$4.20 per 100; \$28.00 per 1000.

MIXED TULIPS. In separate colors, White, Pink, Red, Yellow, Red and Yellow, Terra Cotta, Violet. 60c per dozen; \$3.85 per 100; \$28.50 per 1000.

RAINBOW MIXTURE. Containing all colors. 55c per dozen; \$3.50 per 100; \$24.00 per 1000.

ROSE GRISDELIN. Pale rose, flushed and feathered creamy white; handsome shaped flower of moderate size; good for bedding. 8 inches. 60c per dozen; \$4.50 per 100; \$30.00 per 1000.

PARROT OR DRAGON TULIPS

These belong to the late or May-Flowering Tulips, and have immense flowers in brilliant and varied colors. The petals are curiously fringed or cut, and the form of the flower, especially before it opens, resembles the neck of a parrot. They are very showy and should be grown in every flower garden.

ADMIRAL OF CONSTANTINOPLE. Red, fine. 65c per dozen; \$4.00 per 100; \$32.00 per 1000.

LUTEA MAJOR. Yellow. 65c per dozen; \$4.00 per 100; \$32.00 per 1000.

MARGRAAF. Red and yellow. 65c per dozen; \$4.00 per 100; \$32.00 per 1000.

PERFECTA. Yellow and scarlet. 60c per dozen; \$3.75 per 100; \$32.00 per 1000.

SUPERFINE MIXED. 55c per dozen; \$3.50 per 100; \$24.00 per 1000.

Tulip Duchess de Parma

Your garden will be noticeable earlier, far handsomer and more certain next year by doing your planting this fall.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Wagner's Superb Darwin Tulips

The late-flowering Darwin Tulip has out-classed all its predecessors in type, style and beauty, and is at the present time the Queen of the Tulip family. It attains a height of two to three feet, with strong, heavy foliage, erect and robust stem, terminating in large and massive flowers. The colors of the Darwin embrace all the shades of white, pink, lilac, rose, scarlet, crimson and maroon, and most of the flowers show a particular satiny effect. Darwin Tulips are the finest among shrubby and perennials; they grow tall, bloom for a long time, and, if planted six to eight inches deep and left undisturbed, will bloom for many seasons. A great many of the varieties will force to good advantage and may be had in bloom during March.

Darwin Tulips are most valuable for permanent planting. With deep planting, 4 to 5 inches in heavy soil and 6 inches in light soil, they will continue to bloom for years. They also thrive in semi-tropical climates, like those of California and the Southern States, better than the early Tulips.

BARONNE DE LA TONNAYE. Vivid pink, margined blush rose, long, large flower, retaining its color well. A sturdy variety and one of the best for forcing or bedding. 60c per dozen; \$4.00 per 100; \$35.00 per 1000.

MR. FARNCOMBE SANDERS. Scarlet, inside vivid cerise scarlet with white center, marked blue; large broad petaled flower of perfect shape. Amongst the reds it is the best sort, and is also good for forcing. We recommend this sort highly. 90c per dozen; \$6.60 per 100; \$44.00 per 1000.

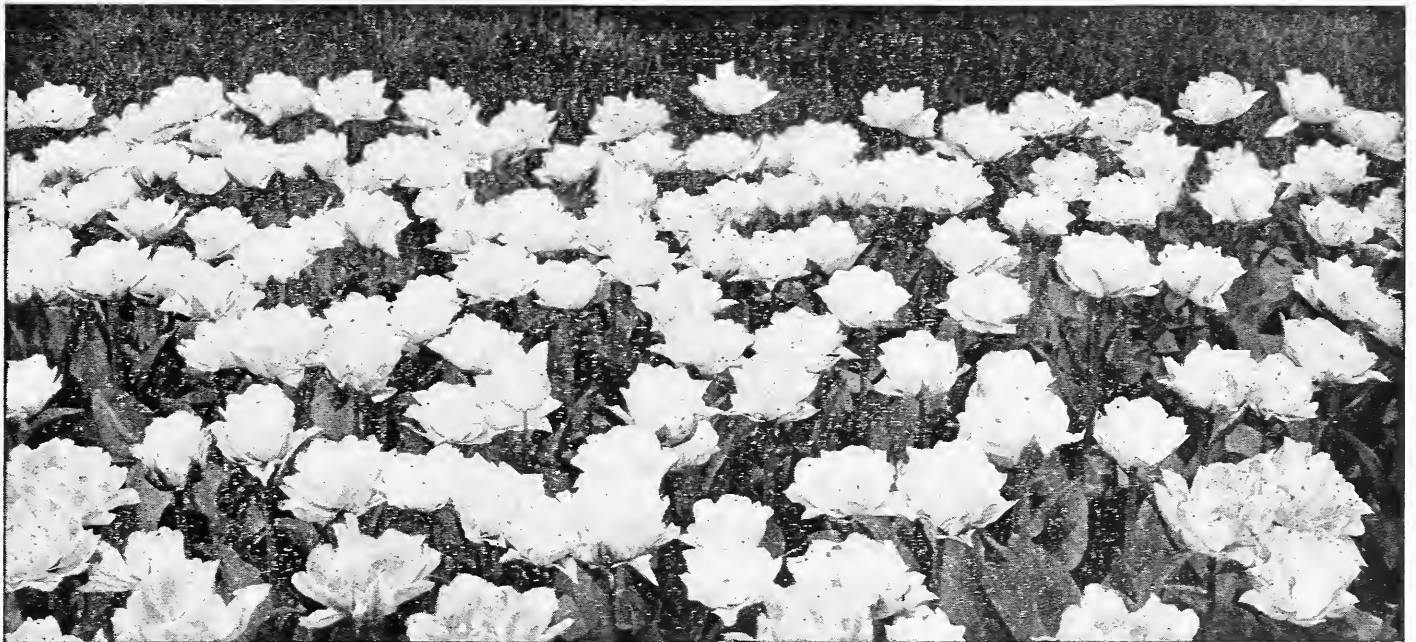

GRETCHEN. Outside blush, inside soft blush; very beautiful. 70c per dozen; \$4.00 per 100; \$34.00 per 1000.

KATE GREENAWAY. White, shaded lilac; very late flowering. 80c per dozen; \$5.00 per 100; \$40.00 per 1000.

PRIDE OF HAARLEM. Immense flowers of deep rose, shaded scarlet. 60c per dozen; \$4.00 per 100; \$33.00 per 1000.

SPECIAL DARWIN MIXTURE. There is frequently an over supply of some varieties which usually consist of the finest sorts, and to reduce this stock we here offer named varieties at an unusually low price. The selection of kinds, however, must be left to us. 65c per dozen; \$4.00 per 100; \$30.00 per 1000.

MIXED DARWINS. All colors; fine assortment. 60c per dozen; \$3.85 per 100; \$28.50 per 1000.

Double Tulips

This class of Tulips is one of the most valuable. They are admirably adapted for pot culture and form a pleasing contrast to the Single Tulips in the green house or conservatory. When planted in the open border they are very showy, and a succession of bloom may be had by a judicious selection from the following varieties. They form a dense mass of bloom when grown in beds, and the flowers remain in perfection of bloom longer than most of the single varieties.

Those marked with * are best for forcing.

GLORIA SOLIS. Red, bordered with gold; very good for bedding. 10 inches. 70c per dozen; \$5.40 per 100; \$36.00 per 1000.

***IMPERATOR RUBRORUM.** Fine bright scarlet; large flower. This sort is used in large quantities for forcing and bedding; highly recommended. 12 inches. 80c per dozen; \$6.00 per 100; \$40.00 per 1000.

LA CANDEUR. White, with green tips; large, full flower on very strong stem; good keeper, and recommended for bedding. 10 inches. 70c per dozen; \$5.10 per 100; \$34.00 per 1000.

***MURILLO.** Delicate pink, white, flushed, beautiful shaped flower on strong stem; it is the most popular double Tulip for bedding and forcing. We can recommend this variety strongly. 12 inches. 50c per dozen; \$3.50 per 100; \$21.00 per 1000.

RUBRA MAXIMA. Dark red; excellent for bedding. 14 inches. 50c per dozen; \$4.00 per 100; \$30.00 per 1000.

RAINBOW MIXTURE. Double tulips, all colors. 65c per dozen; \$4.80 per 100; \$32.00 per 1000.

GESNERIANA TULIPS

These species are remarkable for their great range of coloring, diversity of shape, and markings. Their colors are very vivid; their flowers vary considerably in size, shape and color.

GESNERIANA SPATHULATA. Rich crimson scarlet, with blue black center, large flower on long, graceful stem. The Gesneriana Tulips are fine for the hardy flower border, where they should be liberally planted. 70c per dozen; \$5.00 per 100; \$38.00 per 1000.

Wagner's Superb Narcissus or Daffodils

The Narcissus or Daffodil is becoming more popular every year. It is hardy in every way and thrives most anywhere. For naturalizing in woods and fields, nothing equals them. When once established they multiply rapidly and in a short time cover tremendous areas. They are equally desirable for pot culture for winter flowering. Three or four bulbs put into a 5 or 6-inch pan or pot will with their exquisite gold and silver blossoms brighten the dull months of the winter and early spring. Our Narcissus bulbs are all grown by the most reliable producers in Europe, and customers may depend upon getting strictly first-class goods. Those varieties marked with asterisk (*) are the leading varieties for forcing.

Giant Trumpet Narcissus, Large Flowered

This type is the showiest of the genus, and also the most useful, growing easily either indoors or in the open ground. Every variety of this type offered is deserving of extensive planting, and you can set out any of them with full assurance that you will get a bountiful harvest of blossoms in the spring.

EMPEROR. Deep primrose perianth, rich full yellow trumpet, extra fine and valuable to the trade. **Large bulbs, 90c per dozen, \$5.50 per 100, \$48.00 per 1000. Mammoth size bulbs, \$1.00 per dozen, \$7.50 per 100, \$60.00 per 1000.**

***EMPRESS.** Very large, reflexed yellow trumpet, broad white perianth of great substance; of strong and robust growth; one of the best; very fine for cutting and bedding. Forces easily. **Large bulbs, 90c per dozen, \$5.50 per 100, \$48.00 per 1000. Mammoth size bulbs, \$1.00 per dozen, \$7.50 per 100, \$55.00 per 1000.**

***GOLDEN SPUR.** The most popular variety; very large and fine flower; immense golden trumpet, reflexed at the lip, very broad perianth; a splendid forcing variety; and is as popular and valuable out of doors as for forcing. Vigorous grower, always doing well, flowers early and freely. **Large bulbs, 70c per dozen, \$5.00 per 100, \$45.00 per 1000. Mammoth size bulbs, \$1.00 per dozen, \$7.00 per 100, \$60.00 per 1000.**

***TRUMPET MAJOR.** Trumpet and perianth deep golden yellow; flower very effective; free bloomer; very popular for forcing and bedding. **80c per dozen, \$6.00 per 100, \$42.00 per 1000.**

VON SION. (Telamonious Plenus.) The well known double yellow daffodil. Flowers are deep golden yellow, large and beautiful. This is the most popular of all Daffodils. They are used to great advantage for planting in clumps in the permanent border or shrubbery. **Large bulbs, 75c per dozen, \$5.00 per 100, \$42.00 per 1000. Mammoth size bulbs, \$1.00 per dozen, \$7.00 per 100, \$55.00 per 1000.**

OUR SPECIAL MIXTURE OF DOUBLE NARCISSUS. Choice bulbs, **\$1.00 per dozen, \$5.25 per 100, \$32.25 per 1000.**

Jonquils and Various Narcissi

The Jonquils have graceful forms, delicious fragrance and deep golden yellow color. They are very popular, and are also fitted for forcing.

SINGLE SWEET SCENTED. Deep yellow, free blooming. **Select bulbs, 60c per dozen, \$4.50 per 100, \$30.00 per 1000.**

DOUBLE. Sweet scented; fine deep yellow **Select bulbs, 70c per dozen, \$5.10 per 100, \$34.00 per 1000.**

The Poet's Narcissus

These are the true Poet's Daffodils. They have a delicate perfume, and are very charming in form and color. We can recommend them amongst shrubbery or in the grass. All have snowy white perianth and flattened yellow crown, more or less scarlet or crimson colored.

POETICUS. (Pheasant's Eye.) The well known Poet's Narcissus; pure white with red crown; very fragrant; excellent for bedding. For naturalizing in wild gardens this is one of the best sorts. Perfectly hardy. **Select bulbs, 50c per dozen, \$3.50 per 100, \$32.00 per 1000.**

ORNATUS. (Improved Poeticus.) Broad pure white perianth with red crown; can be forced earlier and blooms earlier outdoors. Beautiful and valuable for cutting. This is the most popular of all, and we can recommend it. **Select bulbs, 50c per dozen, \$3.00 per 100, \$28.00 per 1000.**

Incomparabilis, or Star Narcissus

Strong growers, hardy and fine bloomers. When forced for winter flowers they are splendid, and when used for cut flowers are very decorative.

***SIR WATKIN.** Sulphur petals, deep yellow cup, very handsome, large flower. **Mammoth bulbs, \$1.00 per dozen, \$7.00 per 100, \$62.00 per 1000.**

Polyanthus Narcissus

These produce fine clusters of flowers, which have a very delicious scent. They may be forced very easily and early. The Polyantha Narcissus are not hardy in the north, but can be grown out-doors in a well drained soil if carefully protected.

***PAPERWHITE GRANDIFLORA.** Pure white, best of all for early forcing. Bloom from the beginning of December; grown inside in pots and also in dishes and bowls with pebbles and water, in same manner as Chinese Sacred Narcissus. **Large size bulbs, 60c per dozen; \$4.00 per 100; \$30.00 per 1000. Mammoth size bulbs, 70c per dozen, \$5.00 per 100; \$35.00 per 1000.**

CROCUS

A universal favorite, being one of the earliest flowers seen in the Spring. They are neat, dwarf and compact in growth, and the blooms are of bright colors. If planted closely they make a very pretty display immediately after the snow goes off in the Spring. Should be largely planted in the grass on lawns. The effect is beautiful. For flowering in pots, baskets, etc.

KING OF THE WHITES. Large; white; fine. **30c per dozen, \$1.50 per 100, \$10.00 per 1000.**

LARGE-FLOWERED SHADES OF WHITE. **25c per dozen, \$1.00 per 100, \$7.50 per 1000.**

LARGE-FLOWERED SHADES OF BLUE AND PURPLE. **25c per dozen, \$1.00 per 100, \$7.50 per 1000.**

LARGE-FLOWERED GOLDEN YELLOW. **35c per dozen, \$1.80 per 100, \$12.00 per 1000.**

MIXTURE OF ALL COLORS. **25c per dozen, \$1.00 per 100, \$7.50 per 1000.**

The flowers that bloom in the spring should be planted in the fall. "Autumn is Nature's Planting Season; Springtime, the Season of Heart's Delight."

WAGNER PARK NURSERIES, SIDNEY, OHIO

Wagner's Hyacinths

The Hyacinth is one of the most popular of the Fall bulbs and commands a place in every home and garden. There is nothing more attractive than a planting of Hyacinths, with their brilliant colors and delightful fragrance, together with their long keeping qualities and decorative appearance. They can be flowered in the house as early as January and a succession of bloom may be had until April by planting at suitable intervals and bringing to light and heat in rotation.

NAMED SINGLE HYACINTHS

EXTRA SELECTED FIRST SIZE

Not less than 25 bulbs of a variety can be ordered at 100 rate.

Our exceptionally choice First Size Hyacinths have always given excellent satisfaction, and our stock this season gives our customers an opportunity to procure the best that comes to this country. Our own special growers, who give their personal attention to this particular class of bulbs, assure us that there are none better. The varieties which we offer are all large-flowering bulbs, producing large, uniform trusses. Excellent for growing in pots or glasses. (*) Best forcing varieties.

***GERTRUDE.** Beautiful bright pink, fine large and compact spike with many bells; one of the most popular dark rose Hyacinths for both bedding and forcing. We can strongly recommend this standard variety. 20c each, \$1.75 per dozen, \$12.50 per 100.

***KING OF THE BLUES.** Dark blue, splendid early sort and really a King amongst the blue varieties. 20c each, \$1.75 per dozen, \$12.50 per 100.

L'INNOCENCE. Finest white; extra large, well formed spike; one of the most popular Hyacinths, the best for forcing and splendid for bedding. 20c each, \$1.75 per dozen, \$12.50 per 100.

LA VICTOIRE. Brilliant deep red. 20c each, \$1.75 per dozen, \$12.50 per 100.

***GRAND MAITRE.** Porcelain blue, very large spike with large bells; one of the most used Blue Hyacinths; blooms often with several smaller spikes. A fine variety. 20c each, \$1.75 per dozen, \$12.50 per 100.

***YELLOW HAMMER.** Bright golden yellow, very fine truss; the finest of all yellows. 20c each, \$1.75 per dozen, \$12.50 per 100.

SINGLE BEDDING HYACINTHS

Specially recommended for bedding. They are extra select bulbs and from which the very finest flowers are produced. We offer them in the following separate colors without names.

LILLIES

The most beautiful of all summer flowering plants. Lilies are matchless among hardy garden plants for beauty of form and variety of color. They commence flowering in May, and with the various species maintain a continuous succession of bloom until autumn. No class of plants capable of being cultivated out of doors possess so many charms. Their stately habit, rich and varied colored flowers, often deliciously fragrant, and easy culture render them so distinct from all other hardy plants that no collection, however select, should be without a few of these choice plants.

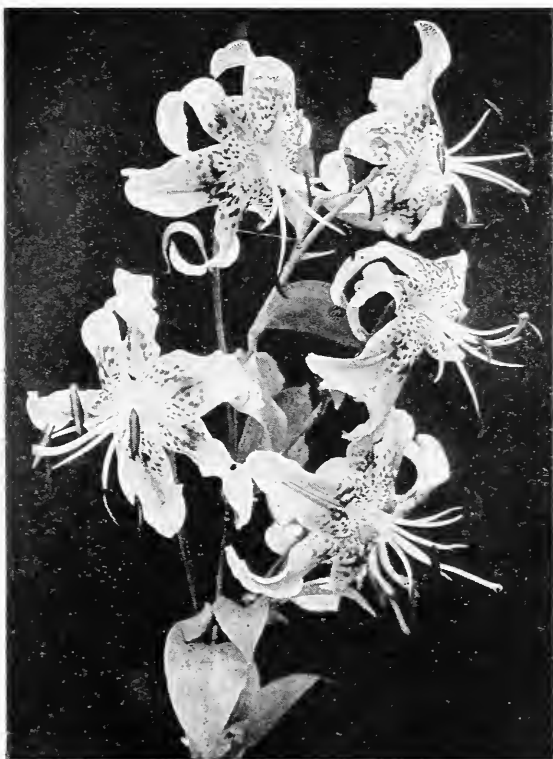

CANADENSE. Bell shaped blossoms which vary in red and yellow colors. Three to five feet high. 30c each, \$3.00 per dozen; larger, 40c each, \$4.00 per dozen.

CANDIDUM. (Annunciation or Madonna Lily.) This is one of the most popular of garden Lilies. The flowers are pure snow white and very fragrant, borne on long stems. To succeed with it, it should be planted early in the autumn, so that it can make some growth before frost; give the bulbs a light dusting with powdered sulphur, and do not cover with more than 2 inches of soil; 3 to 4 feet; May and June. Large bulbs, 35c, \$3.50 per dozen, \$25.00 per 100. Mammoth bulbs, 50c, \$5.00 per dozen, \$35.00 per 100.

ELEGANS ORANGE QUEEN. One of the finest forms in this group, very vigorous, about one foot high, bearing one to three flowers of a beautiful light orange color with dark spots; the petals are of great substance, very broad and rounded at the ends, the whole flower being of a fine size, and having a very finished appearance. 25c each, \$2.50 per dozen; larger, 50c each, \$5.00 per dozen.

SUPERBUM. Three to six feet high, flowers from five to forty, nodding brilliant orange-red. Blooms in July. 25c each, \$2.50 per dozen. Larger, 35c each, \$3.50 per dozen.

NEW, BEAUTIFUL, FRAGRANT, HARDY WHITE LILY—Lilium Myriophyllum. (Regal Lily.) This variety we consider the finest of all Lilies. Not only on account of its large white fragrant flowers, but owing to its extreme hardiness and easy culture. It is absolutely hardy in all localities. May also be used for forcing being predicted to become the Easter Lily of the future. The flowers are very large, white, and slightly suffused with pink, with a beautiful shade of canary yellow at extreme base of center. Delightfully perfumed, reminding one of the Jessamine. Blooms early in July. Large blooming size bulbs, \$1.00 each, \$11.00 per dozen. Extra large select bulbs, \$1.25 each, \$13.50 per dozen.

Plant hardy flowers and your garden will be noticeable earlier, far handsomer and more certain next year by doing your planting this fall.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Wagner's Hardy Perennials

Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country.

MULCHING. While mulching plants for winter is very beneficial and with many varieties necessary, especially the first winter, many make the mistake by putting the mulch on too early before the plants are well ripened which frequently causes the green growths to decay and will sometimes rot the very crown and heart of plant life or growth. Again, this early mulching frequently starts new growths owing to the heat of the mulch which are killed when hard freezing sets in. For best results do not mulch heavily until the ground is thoroughly frozen when the covering or mulch will keep the soil at an even temperature throughout the entire winter and when removed in spring the new growths will readily start fresh and vigorous, producing healthy, sturdy stalks and flowers.

ABBREVIATIONS: Letters D., M., and T., immediately following the name of varieties indicate the height of the various kinds when fully matured, viz.: (D.) indicates growing heights from 6 to 15 inches; plant these varieties from 6 to 15 inches apart. (M.) indicates height from 15 to 36 inches; plant these varieties 12 to 30 inches apart. (T.) indicates height from 36 to 60 inches; plant these varieties from 30 to 48 inches apart. There is no set rule as to distance for planting the various varieties. That is a matter of taste for some prefer heavy mass effects, requiring close planting while more open effects require planting farther apart. We give the two extremes as to distance but one may deviate from this rule, planting closer or farther as desired.

ACHILLEA THE PEARL. (M) June to Oct. This is one of the most beautiful and useful perennials we grow. It is of a low spreading character with pure white flowers, perfectly double, and produced in large sprays. Fine for cutting. Thrifty plants, 20c; large size, 35c; clumps, 50c.

AEGOPODIUM VARIEGATA. (D) A rapid - growing plant, with variegated foliage, thriving in any soil; for covering waste or barren spots. Thrifty plants, 15c; large size, 25c; clumps, 50c.

ANCHUSA ITALICA. (M) June, July. Deep blue flowers. Thrifty plants, 25c; large size, 35c; clumps, 50c.

ANTHEMIS TINCTORIA. (Golden Marguerite.) (M) June to September. Golden yellow, one to two inches; sun or shade; border planting and cutting. Thrifty plants, 15c; large size, 25c; clumps 35c.

ANEMONE JAPONICA ALBA. Individual blossoms very large; snowy white. Very useful for cutting. Choice variety. Thrifty plants, 20c; large size, 35c; clumps, 50c.

ARALIA CORDATA. (M) Strikingly handsome foliage. Nice thrifty plants, 25c; large size, 35c; clumps, 50c.

ASTER TARTARICA. An exceptionally fine Aster for the hardy border, owing to its lateness to bloom. Green foliage all summer, and in fall a mass of bright purple flowers produced on long stems, does well in any soil. Thrifty plants, 15c, 4 for 50c; large size, 25c, 5 for \$1.00; clumps, 35c, 3 for \$1.00.

BAPTISIA AUSTRALIS. (M) Handsome, dark green, fern-like foliage. Flowers pea-shaped, and bright blue. Baptisia withstands drought exceedingly well. Large size, 35c; clumps, 50c.

BOLTONIA ASTEROIDES. (T) One of the showiest of our native perennials, closely resembling and allied to the hardy Asters, flowers pure white. August and September. 6 feet. Thrifty plants, 20c; large size, 35c; clumps, 50c.

BOCCONIA CORDATA. (T) Flowers in terminal panicles of a creamy white color. Large size, 35c; clumps, 50c.

COREOPSIS LANCEOLATA GRANDIFLORA. Gem among hardy plants. It begins to flower in June and continues in bloom more or less throughout the season. The flowers, which are of a golden yellow, are of a graceful form and invaluable for cutting. Succeeds in any position. Thrifty plants, 20c; large size, 35c; clumps, 50c.

CASSIA MARILANDICA. (American Senna.) (M) July to August. Large panicles of bright yellow. Very distinct. Large size, 35c; clumps, 50c.

PRICES IN QUANTITIES Six plants of any one variety listed above will be supplied at five times the single rate price. 12 plants at ten times the single rate price.

Plant hardy flowers and you will have gardens that will be artistic, interesting and beautiful from early spring until late in the fall.

WAGNER PARK NURSERIES, SIDNEY, OHIO

WAGNER'S HARDY PLANTS

(Continued)

Grandmother's Hardy Garden Mums

These are the old-fashioned and reliable Chrysanthemums that were so highly prized in the garden corners and along-side the house of "grandmother's home."

We offer the White, Pink, Red, and Yellow separate colors. Large size, 50c.

DELPHINIUMS ENGLISH. This collection includes practically all shades of blue. We offer mixed colors. Thrifty plants, 25c; larger size, 50c; clumps, 75c to \$1.00.

CHINESE. A very pretty dwarf species, with fine feathery foliage and intense Venetian-blue flowers in open panicles. Large size, 50c; clumps, 75c to \$1.00.

WAGNER'S SHASTA DAISIES

These are universally popular for outdoor planting, and considering their many good qualities, should be planted extensively. The flowers are of the purest, glistening white, of enormous size, and produced on long, stiff, wiry stems; excellent for cutting. Thrifty plants, 20c; larger size, 35c; clumps, 50c.

DIGITALIS AMBIGUA. Showy flowers of pale yellow. Thrifty plants, 25c; larger size, 35c; clumps, 50c.

GLOXINIAEFLORA. (M) July and August. This strain embraces a wide range of color, from pure white to deep pink. Thrifty plants, 25c; larger, 35c.

FUNKIA COERULEA. (D) Their broad massive foliage makes them attractive subjects for the hardy border, even when not in flower. Very desirable for shady locations. Large field plants, 25c; extra large, 35c; clumps, 50c.

SINENSIS. (D) White tinged blue flowers, green foliage. Large plants, 25c; extra large, 35c; clumps, 50c.

SPATHULATA. Blue flowers, green foliage. Large plants, 35c; clumps, 50c.

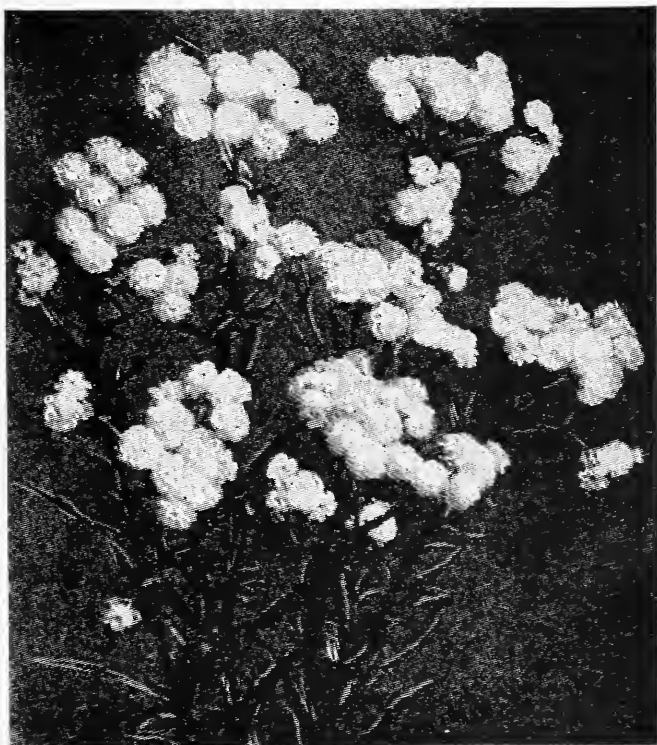

Coreopsis (See Page 16)

FUNKIA UNDULATA MEDIA VARIEGATA. (D) Striped foliage, purple flowers. Large plants, 25c; extra large, 35c; clumps, 50c.

VERIDA. Green foliage with blue flowers. Large plants, 35c; clumps, 50c.

GAILLARDIA GRANDIFLORA. (D) June to October. The center is a dark red-brown, while the petals are vigorously marked with rings of brilliant scarlet crimson, orange and vermillion, and often a combination of all these colors in one flower. Thrifty plants, 20c; large size, 35c; clumps, 50c.

Achillea—The Pearl (See Page 16)

HOLLYHOCKS

GARDEN LOVER, HAVE YOU EVER TRIED A HOLLYHOCK PATH?

Nothing to do with the "Primrose Path," but incidentally almost the prettiest sight in gardening.

A "Hollyhock Path" is beautiful, and if you have a chance to make one don't miss it. The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends—well, even your blase "garden expert" gets out his enthusiasm for the Hollyhock Path.

DOUBLE HOLLYHOCKS. Their flowers are large, fully double, handsome in form and lively shades of color. Double White, Pink, Crimson, and Yellow mixed. Thrifty plants, 25c; large size, 35c; clumps, 50c.

SINGLE HOLLYHOCKS. These handsome and showy plants are great favorites. Their unique growth gives them a welcome everywhere. Single. White, Pink, Crimson. Thrifty plants, 25c; large size, 35c; clumps, 50c.

PRICES IN QUANTITIES Six plants of any one, variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

The charm of the garden rests in the constant change and variety, which can be better secured with hardy plants than with any other. Plant hardy flowers. WAGNER PARK NURSERIES, SIDNEY, OHIO

Hardy Ornamental Grasses (Eulalias)

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and may be used for interior decoration. Absolutely hardy. All our plants are propagated from the root and hence more valuable than seedlings, which do not come true.

Eulalias

Few people are aware of the many ornamental grasses there are, and the extremely beautiful effects to be derived from them. They are invaluable for intermingling in the herbaceous border, where they impart a light and graceful effect. They will thrive under the shade of large trees and make handsome specimens on the lawn. Being moisture loving also, they are excellent for waterside planting, and for all other purposes which their graceful forms suggest.

EULALIA GRACILLIMA. This grand variety of Eulalia forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with mid-rib of silvery white. Large size, 25c; clumps, 50c; extra heavy clumps, 75c to \$1.00.

JAPONICA. One of the most beautiful of the tall-growing grasses. Bright green foliage and unusually long plumes. Large size, 25c; clumps, 50c; extra heavy clumps, 75c to \$1.00.

JAPONICA VARIEGATA. Standard old sort of distinctive value. Blades striped lengthwise in a handsome manner, being a combination of creamy white in the center with broad margin of bright green. Large size, 25c; clumps, 50c; extra heavy clumps, 75c to \$1.00.

JAPONICA ZEBRINA. This fine ornamental grass is the finest of Eulalias for single lawn specimens or clumping. Grows 4 to 6 feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white. Large size, 25c; clumps, 50c; extra heavy clumps, 75c to \$1.00.

PHALARIS ARUNDINACEA VARIEGATA. (Ribbon Grass.) An excellent variety, very desirable for bordering large beds of other ornamental grasses. Thrifty plants, 10c; larger size, 20c; clumps, 35c to 50c.

HELIANTHUS MAXIMILIANA. (T) September to November. A most graceful single flowering variety; the flowers are produced on long graceful sprays, which make it invaluable for cutting; is beautiful, and remains green until late frosts. Thrifty plants, 15c; larger size, 25c; clumps, 35c to 50c.

MOLLIS. (T) July to Sept. Large single lemon yellow flowers. Thrifty plants 20c; large size, 30c; clumps, 50c.

HELIOPSIS PITCHERIANA. (M) June to October. A desirable variety. The flowers are of a beautiful deep golden-yellow color. Large plants, 35c; clumps, 50c.

LILY-OF-THE-VALLEY (Convallaria) (D) May. A lovely little hardy perennial widely planted everywhere for its delicate sprays of drooping white bells and their delightful fragrance. Once established they require no further care and multiply rapidly. As hardy as any plant could possibly be. Thrifty plants, 10c; larger size, 20c; clumps, 35c.

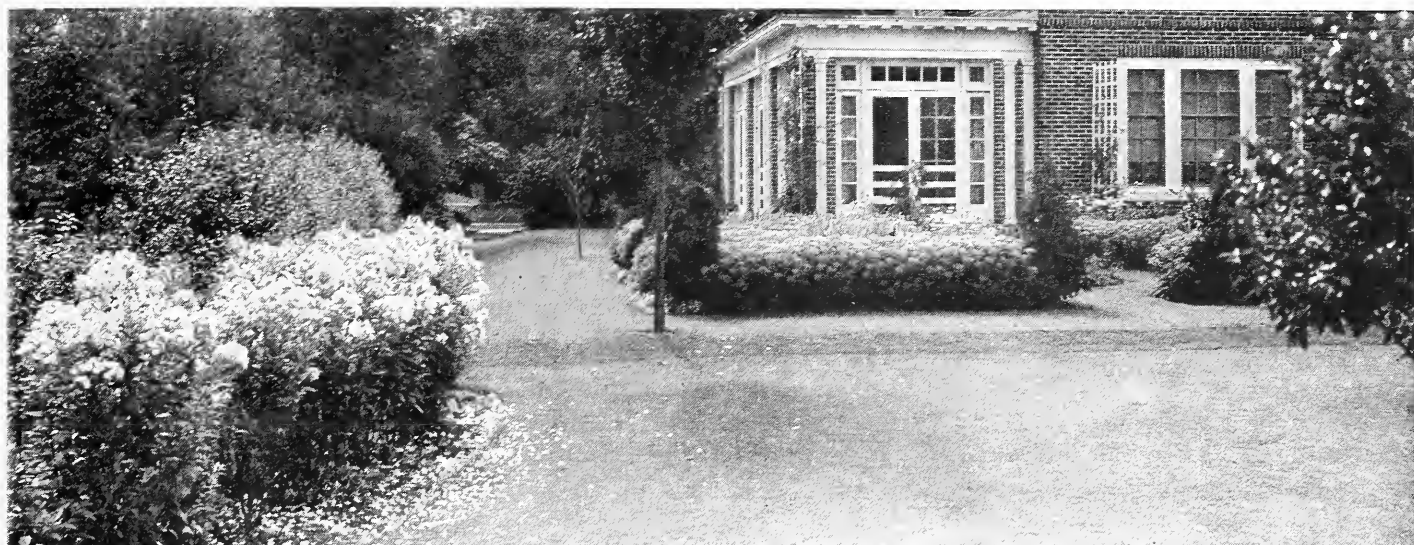

PAPAEV ORIENTALE. (Poppy) Nothing can equal these in gorgeous effect. Rich, brilliant scarlet color. Thrifty plants, 25c; larger size, 35c.

ORIENTALE MIXED. (M) This is as fine assortment as selected seed can produce. Being propagated from seed will vary in color, frequently a dozen shades from as many plants. Plant them freely in your hardy borders. Thrifty plants 15c; large size, 25c.

PRICES IN QUANTITIES Six plants of any one variety at five times the single rate price. Twelve plants at ten times the single rate price.

Do your planting as early in the fall as possible and an abundance of blossoms may be looked for, beginning with the early spring months.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Tall white flowers are Phlox. The formal edging plant near sun parlor is Sedum—equal to boxwood as an edging plant—it grows so uniform.

Wagner's Hardy Phlox

Do not overlook these in your collection of plants. Certainly no perennial is more worthy of cultivation, more satisfactory in every situation or more effective either as individual plants or grouped in masses in the hardy borders. The plants begin to flower in early summer and the garden borders can be kept aflame with great flower cones from June until frost. Our small, Thrifty Plants will produce surprisingly good results.

AMETHYST. (Our Introduction.) (M) Violet-rose; a little deeper towards the center. Late flowering which makes it a very valuable variety. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

AURORA. (M) Light pink with crimson center. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

BRIDESMAID. (M) Pure white, with large, crimson center; very free flowering. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

ISABELL DUPUY. (M) Rose, red center. One of the best pinks; very bright, excellent for backgrounds. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

WAGNER'S SPECIAL PHLOX OFFER No. 50. This collection consists of a choice lot of seedlings selected for their superior quality, color and size of flower clusters. They surpass many of the named varieties in size of flower and truss. Color ranges from delicate flesh to bright pink, reds and other beautiful shades. Thrifty plants, 25c; large size, 35c; clumps, 50c to 75c.

PHLOX SUBULATA (MOSS, OR MOUNTAIN PINK)

An early spring flowering type, with pretty moss-like evergreen foliage which, during the flowering season, is hidden under the masses of bloom. An excellent plant for the rockery, the border, and invaluable for carpeting the ground or covering graves.

ROSEA. Very free-flowering; pinkish-purple, dark center. Thrifty plants, 15c; large size, 25c; clumps, 35c to 50c.

ALBA. Pure white. Thrifty plants, 15c; large size, 25c; clumps, 35c to 50c.

Other Hardy Perennials

PARDANTHUS BLACKBERRY LILY. (Sinensis) Lily-like flowers of bright orange. Followed with seeds resembling blackberries. Thrifty plants, 20c; larger size, 35c; clumps, 50c.

PENTSTEMON SMALLI. (D) July-August. Rosy carmine flowers. Thrifty plants, 20c; larger, 35c; clumps, 50c.

PUBESCENS. (D) June to August. Bright rosy purple flowers. Thrifty plants, 20c; larger, 35c; clumps, 50c.

PINKS LORD LYON. Fine, showy, bright pink flowers on long stiff stems. This variety will give entire satisfaction. Thrifty plants, 20c; larger, 35c; clumps, 50c.

WHITE RESERVE. An excellent double white variety. The flowers are large on long stems. A profuse bloomer. Thrifty plants, 20c; large size, 35c; clumps, 50c.

JEAN LIAUD. (M) Extra large flowers, forming large compact flower heads. Color, rosy pink with bright, crimson star in center. Very handsome. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

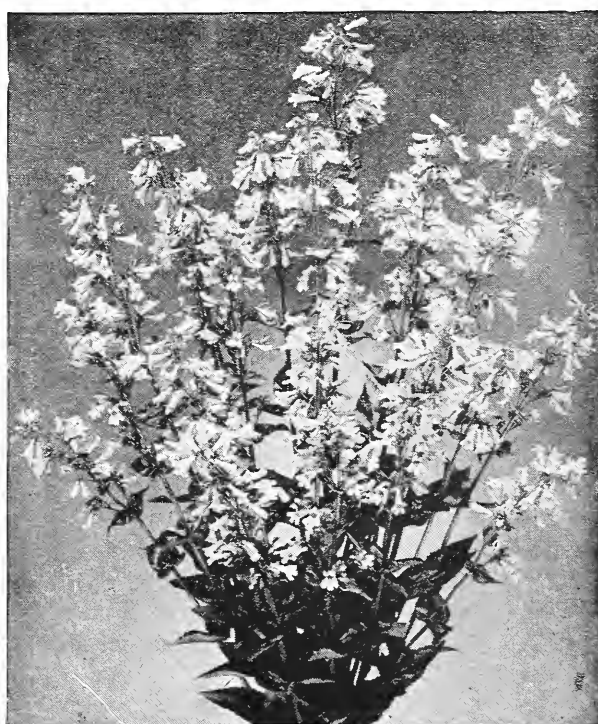

J. T. TEMPLE. (D) Deep pink, very fine. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

MISS LINGUARD. (M) A grand white variety. An exceedingly free bloomer, flowering from early in spring until late summer. Easy culture and sure to give satisfaction. Thrifty plants, 25c; large size, 40c; clumps, 60c to \$1.00.

PINK BEAUTY. (M) Very fine pale pink of enormous size. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

SUNSET. (M) Beautiful deep pink, and will without doubt supercede all others of this color; excellent for massing or in solid beds. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

WM. ROBINSON. Rosy salmon, small crimson eye, very fine flowers. Thrifty plants, 25c; large size, 50c; clumps, 75c to \$1.00.

Pentstemon

Don't wait till spring to plant and thereby lose an entire year's growth. Get started this fall—plant now and enjoy their beauty next year.

WAGNER PARK NURSERIES, SIDNEY, OHIO

HARDY PLANTS

PHYSOSTEGIA VIRGINICA. (M) July. A unique and attractive American plant that stands apart from all other hardy plants. For massing or planting in the hardy border it is unrivaled. Flowers are produced in large, graceful spikes, and are bright, soft pink. **Thrifty plants, 20c; large size, 35c; clumps, 60c.**

PLATYCODON GRANDIFLORA. (Japanese Bellflower.) (M) June to October. A plant that is closely allied to the Campanula or Canterbury Bell, bearing continuously cupped star-shaped blue flowers. **Thrifty plants, 25c; large size, 35c; clumps, 50c.**

GRANDIFLORA ALBA. (M) White form of the above. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

MIXED COLORS. Fine assortments. **Thrifty plants, 15c; large size, 25c; clumps, 50c.**

RUDBECKIA GOLDEN GLOW. (T) August and September. Large double yellow Dahlia-like flowers. **Thrifty plants, 15c; large size, 25c; clumps, 35c to 50c.**

PURPUREA. An entirely distinct variety from all other perennials and thrives in any ordinary soil. They are so simple and easily cultivated that we recommend them to anyone having a garden, whether large or small. The foliage being dense and of a good color, which is a reddish-purple with large, cone-shaped center in brown. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

SUB-TOMENTOSA. Completely enveloped throughout the summer in a mass of lemon-yellow flowers with purple centers. **Thrifty plants, 20c; large size, 35c; clumps, 50c.**

SEDUM SPECTABILIS. A very desirable hardy perennial thriving in any good soil and produces most pleasing effects when used as an edging to a bed of other plants. In formal work it is indispensable, as it grows compact and bushy. Foliage is a beautiful light green and quite broad. Flowers are rose colored and cover the entire top of the plant when in full bloom. **Large plants, 25c; extra large, 35c; clumps, 50c.**

SPIREA FILIPENDULA. A beautiful dwarf variety, with elegant fern-like foliage. **Large plants, 35c; clumps, 50c.**

TANACETUM VULGARE. (Tansy) (M) Golden-yellow flowers in midsummer. **Large plants, 25c; clumps, 50c.**

TRITOMA PFITZERI. A most beautiful and exceedingly ornamental flowering plant, surpassing the finest Cannas and equal to Gladioli as a cut flower; planted in shrubby border with other herbaceous plants they give a superb effect. Large attractive flowers on long stems. Color, rich, orange scarlet. **Large plants, 25c; extra large, 35c; clumps, 50c; extra heavy clumps, \$1.00.**

VERONICA RUPESTRIS. (D) May. Deep blue flowers. **Large plants, 35c; clumps, 50c.**

VIOLET Large double flowers, light purple. **Large plants, 25c; clumps, 50c.**

VIOLET LA FRANCE. Single flowers, light purple. **25c.**

YUCCAS (Filamentosa) (See cut)

Hardy Flowering Evergreen Plants of Great Beauty

See how effective when planted with evergreens—on page 29.

The **Yucca Plant** is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens, that it attracts attention on the humblest lawn, and is worthy of a place in the most pretentious garden.

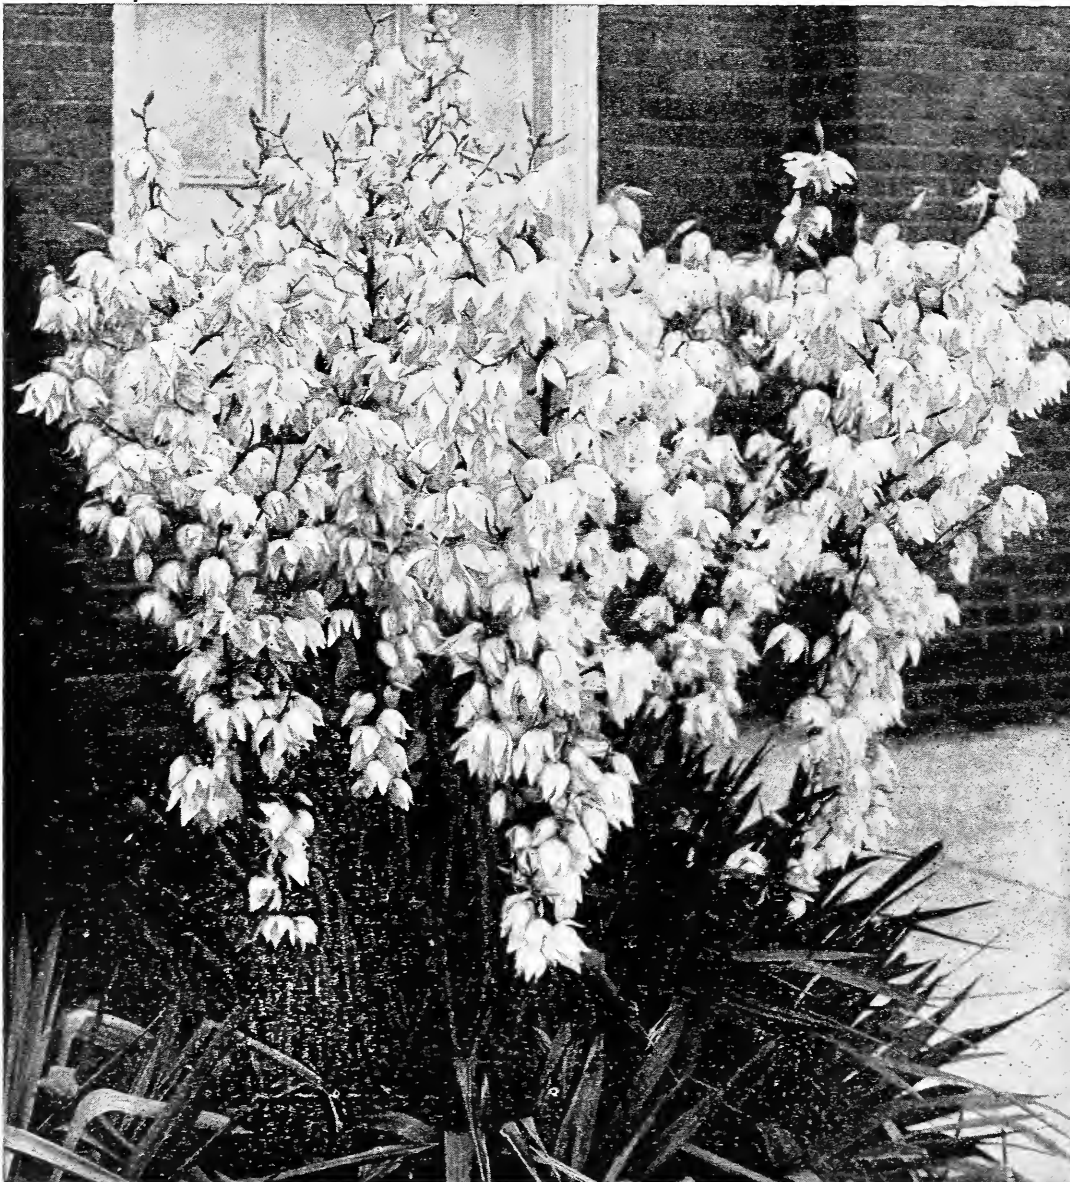

The rich, green foliage grows in thick clumps of long, slender, graceful evergreen leaves. Planted in good soil the flower stalks grow tall and each stem frequently bearing from 50 to 200 big, creamy-white, bell-like blossoms. Bearing in mind that an individual blossom often measures 2 inches, one can picture the rare effectiveness of a large cluster of these.

Yuccas are particularly desirable on account of their hardiness and their ability to grow in poor scanty soil, on terraces, or among rocks—any place, in fact, where there is just enough earth for their roots to take hold. All in all, the **Yucca** is one of the most satisfactory plants, and we recommend it heartily for giving year-round beauty to any lawn.

Thrifty plants, 20c; large size, 35c; extra large, 50c; heavy clumps, 75c to \$1.00 each.

PRICES IN QUANTITIES

Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

Fall is the planting season ideal. Weather conditions are most favorable, soil is most amenable to handling, and there is more time to plant properly.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Nothing adds greater charm to the home than attractively planted grounds. With the special assortment as listed below, you can produce a beautiful setting for your home.

Hardy Flowering Shrubs

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park stock, is easy, pleasurable, and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition.

ABBREVIATIONS AND PLANTING INSTRUCTIONS: (I), (II), (III), immediately following the name of each variety indicate the height of plants when fully matured. (I) indicates varieties growing 1 to 3 feet; plant from 1½ to 3 feet apart. (II) indicates height from 3 to 8 feet; plant these varieties from 3 to 5 feet apart. (III) indicates height from 8 to 12 feet; plant from 5 to 8 feet apart. There are no set rules as to distance for planting as some prefer heavy mass effects which require close planting, while more open effects require planting farther apart. We have given both extremes yet one need not follow these exactly.

SPECIAL NOTE. M, L, X, S indicate size of stock offered. "M" indicates thrifty well rooted young plants. "L" indicates large size plants. "X" indicates extra large select plants. "S" indicates specimens.

ALTHEA (Rose of Sharon.) Handsome late summer blooming shrubs coming into bloom when few shrubs are in flower. As a hedge plant they are very valuable.

BICOLOR HYBRIDUS. Double white; fine, large flower. L., 35c; X., 50c.

BOULE DE FEU. Large violet-red flowers. M., 35c; L., 50c; X., 75c.

ELEGANTISSIMA PLENA. Double, white, shaded with rose. M., 35c; L., 50c; X., 75c.

GRANDIFLORA. A very fine dark red variety. M., 35c; L., 50c; X., 75c.

JEANNE D'ARC. Double, pure white, one of the finest. M., 35c; L., 50c; X., 75c.

LADY STANLEY. Double blush-white flowers; one of the best. L., 50c; X., 75c; S., 7 feet, \$2.50.

PULCHERIMA. (L) Very large, 3½ to 4 inches across flower; double white, shaded to pink; outer rows of petals broad and show cardinal base; inner petals quilled. A very fine variety. Strong grower. L., 50c; X., 75c.

SPECIOSA PLENA. Fleshy-white. L., 50c; X., 75c.

MIXED COLORS. A fine collection of various colors mixed. M., 30c; L., 45c; X., 60c.

AMELANCHIER BOTRYAPIUM. (III) Beautiful shrub-like tree producing racemes of pure white flowers. L., 35c; X., 50c.

AMORPHA FRAGRANS. (I) A large, spreading bush with pin nate leaves and slender spikes of deep purple flowers; blooms in June. L., 35c; X., 50c; S., 6 feet, \$1.50.

ARALIA PENTAPHYLLA. (III) Upright arching shrub with glossy, waxy foliage. Excellent for the shrubbery border. L., 75c; X., \$1.00.

BERBERIS THUNBERGII. (II) May. In autumn it is aglow with scarlet leaves and berries. Small plants, 30c, \$3.00 per dozen, \$25.00 per 100; M., 35c; L., 50c; X., 75c; S., 2 by 2 feet, \$1.00.

CALYCANTHUS FLORIDUS. (II) Double chocolate colored flowers. L., 50c; X., 75c.

CEPHALANTHUS OCCIDENTALIS. (III) July. Curious balls of blossoms on long stems. Fine for heavy background. L., 50c; X., 75c.

CYDONIA JAPONICA. (Pyrus) (Fire Bush) (III) One of the early spring flowering shrubs, the fiery crimson blossoms creating a grand display. M., 35c; L., 50c; X., 75c.

JAPONICA ALBA PLENA. Semi-double, white. L., 50c; X., 75c.

Special Shrub Offer---20 Plants \$5.00

As an example of the superb values offered by the Wagner Park Nurseries, nothing could be more convincing than a collection of choice hardy flowering shrubs that will make a beautiful setting for your home for years to come.

2 Spirea Van Houttei.	2 Philadelphus, Medium.	}	Medium Size Plants,	\$ 5.00
6 Berberis Thunbergii.	2 Deutzia, Medium.		Large Size Plants,	7.50
4 Spirea Callosa Froebeli.	2 Symphoricarpos.		Extra Large Size Plants,	10.00
	2 Hydrangeas, Hardy.			

SEE BOTTOM PAGE 24 FOR FURTHER INFORMATION ON CARE OF PLANTS

HARDY FLOWERING SHRUBS

(Continued)

CORNUS (Dogwood) The name, Dogwood, first brings to mind the White Dogwood (Cornus Florida), with its large, butterfly like blossoms in May. Species here described are shrubs of decided value in decorative planting, those with red bark filling a place occupied by no other.

ALTERNIFOLIA. (III) It has clustered white flowers, dark blue fruits, and its irregular whorled branches form flat, spreading tiers. M., 30c; L., 40c; X., 60c; S., 7 to 8 ft., \$3.50 to \$5.00.

SANGUINEA. (III) A shrub of spreading habit; purplish red branches, flowers greenish white, followed by black berries. Desirable for massing. M., 30c; L., 40c; X., 60c.

SIBERICA. (III) This has deep crimson bark and should be used in large groups for its winter effect. It shows off best when there are a number of plants together. Abundance of small white blossoms are borne in early summer. Followed by white fruit. M., 30c; L., 40c; X., 60c; S., 8 feet, \$5.00.

STOLONIFERA AUREA. (Golden-barked Dogwood.) Bright yellow bark in winter. Very effective when planted with red-barked varieties. L., 50c; X., 75c.

STOLONIFERA. (III) Valued for its colored bark. Small white flowers. M., 30c; L., 45c; X., 60c.

DEUTZIA CANDIDISSIMA. (III) Strong growth. Double white flowers. M., 30c; L., 40c; X., 60c.

CRENATA. (III) Double rosette shape, white tinged pink. M., 30c; L., 40c; X., 60c.; S., 6 feet, \$2.50.

FORTUNEI. (II) White flowers; quite distinct. M., 30c; L., 40c; X., 60c.

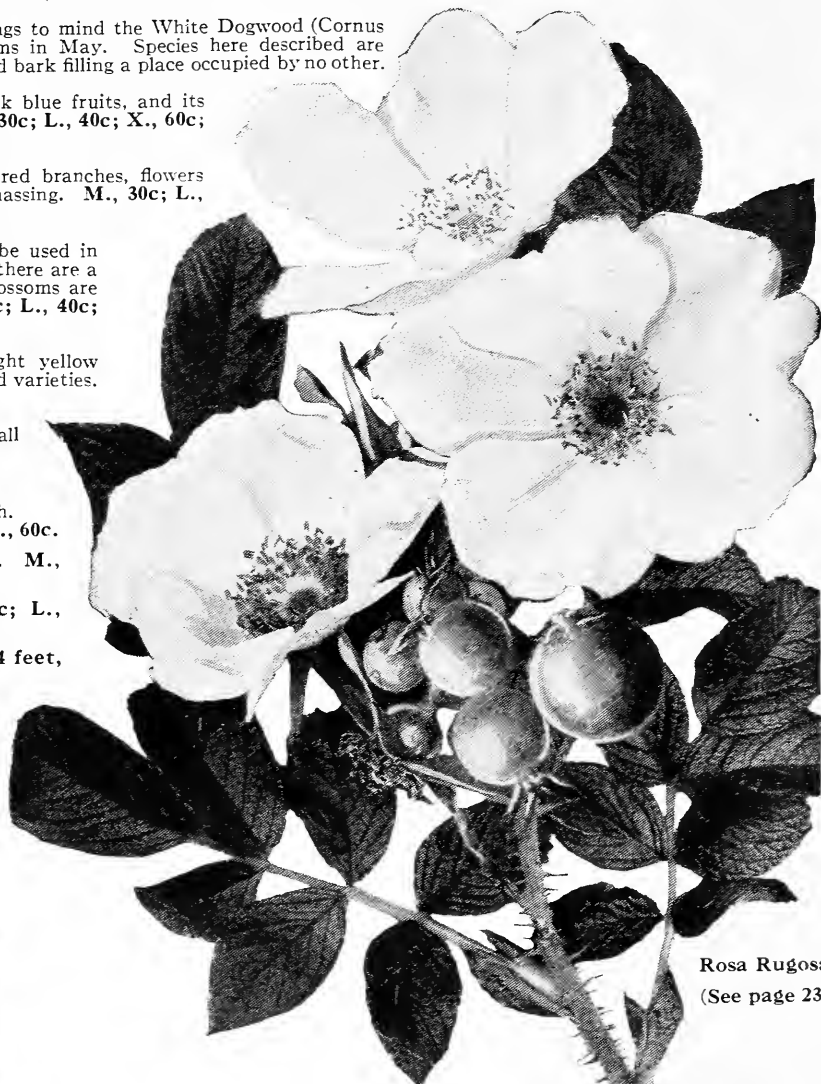

LEMOINEI. (I) Flower pure white. L., 50c; X., 75c; S., 4 feet, \$1.50.

PRIDE OF ROCHESTER. (III) Double white, tinged with pink. M., 30c; L., 40c; X., 60c; S., 6 ft., \$1.00.

SCABRA. (III) Flowers white, tinged pink. M., 30c; L., 40c; X., 60c.

WATERERI. (I) Flowers delicate pink. A most beautiful variety. M., 30c; L., 40c; X., 60c.

WELSI. (II) Double white flowers, one of the best. M., 35c; L., 50c.

Rosa Rugosa
(See page 23)

Cornus Siberica

ELEAGNUS ANGUSTIFOLIA. (Oleaster) (III) A large shrub, sometimes of tree form, with long, narrow, silvery-green foliage. The flowers are yellow, followed by yellow fruit. M., 35c; L., 50c; X., 75c.

FORSYTHEA FORTUNEI. (Fortune's Forsythia.) (III) April. A spreading bush with dark, shining foliage which has a purplish tint in autumn. Deep yellow flowers. The best of the Forsythias. M., 35c; L., 50c; X., 75c.

INTERMEDIA. (III) A tall, upright growing form. Good for shrubby border planting. Deep yellow flowers and fragrant. M., 30c; L., 40c; X., 60c; S., 6-7 feet, \$2.50.

VIRIDISSIMA. (Dark Green Forsythia) Shrub-like in growth, dark, rich foliage, yellow flowers and a very profuse bloomer. L., 35c; X., 50c.

HYDRANGEA GRANDIFLORA ALBA. (II) Large clusters of white flowers. Nice young plants, 50c; larger, 75c; extra large, \$1.00.

PANICULATA GRANDIFLORA. (II) July, August. Flowers white changing to pink and borne in immense pyramidal clusters. Will bloom same season planted. M., 50c; L., 75c; X., \$1.00 each.

LONICERA GRANDIFLORA ROSEA. (Bush Honeysuckle.) (III) Pink blossoms. L., 50c; X., 75c.

LEDEBOURI. (II) May. Creamy, yellow flowers, fine. L., 50c; X., 75c.

MORROWI. (II) May. White flowers, dark, green foliage, red fruit. L., 50c; X., 75c; S., 4-5 feet, \$1.00.

TARTARICA. (Bush Honeysuckle) May. Pink flowers, orange-colored berries. L., 50c; X., 75c.

TARTARICA ALBA. (White Tartarian Honeysuckle) (III) May. Has white flowers, bright berries. L., 50c; X., 75c.

In the fall conditions for planting are just right; the sap not flowing, the vital processes suspended, providing thus for the season of reproduction.

WAGNER PARK NURSERIES, SIDNEY, OHIO

HARDY FLOWERING SHRUBS

(Continued)

PHILADELPHUS **MOCK ORANGE.** How deliciously fragrant are the spring blossoms of the Mock Orange! To many they bring pleasant thoughts of the coming flowers.

CORDIFOLIA. Single flower with large foliage. L., 50c; X., 75c.

CORONARIUS. (Sweet Mock Orange) (III) The real old-fashioned form—white blossoms, yellow stamens. M., 35c; L., 50c; X., 75c.

FALCONERI. (II) Graceful shrub, white flowers. L., 50c; X., 75c.

GRANDIFLORUS. (III) Most vigorous grower and produces unusually large flowers, which are pure white. M., 35c; L., 50c; X., 75c; S., \$1.00.

LEMOINEI ERECTA. (II) Creamy white, fragrant. L., 50c; X., 75c; S., 4-5 feet, \$1.00; S., 6 feet, \$2.00.

NIVALIS. (II) An excellent variety in every way, good growth and free flowering. M., 35c; L., 50c; X., 75c and \$1.00.

SPECIOSA. (III) Showy white flowers. A tall grower and one which will give satisfaction wherever planted. M., 35c; X., 50c; 6-8 feet, \$2.50.

RHAMNUS **CATHARTICA.** Well known hedge plant, valued for extreme hardiness and strong growth. X., 50c; S., 75c.

RHODOTYPHUS **KERRIODES.** (White Kerria) (II) A handsome shrub with good foliage and snow-white flowers the latter part of May, followed by black berries. A profuse bloomer. L., 50c; X., 75c.

RHUS **CHIOANTHUS VIRGINICA.** (White Fringe) (III) White flowers. X., 50c; S., 6 feet, \$1.50.

GLABRA. (Smooth Sumac) (III) Leaves color brightly in autumn. Flowers followed by fruit. X., 50c; S., 7 feet, \$1.00.

TYPHINA LACINIATA. (Fern-leaved Sumac) (III) Brilliant foliage. Crimson fruit. L., 50c; X., 75c.

ROSA **RUGOSA.** The hardiest of all roses. They are eminently suitable for rose hedges or to be used same as shrubs. M., 50c; L., 75c.

RUBIGINOSA. Highly valued for the delightful fragrance of its young foliage as well as its pretty pink flowers. Entirely hardy and splendid for hedges. 40c; larger size, 60c, \$6.00 per dozen, \$40.00 per 100.

SAMBUCUS **CANADENSIS.** (White Elder) (III) Attractive flowers followed by clusters of purple berries. M., 35c; L., 50c.

LACINIATA. (III) Very valuable on account of its deeply cut foliage. M., 35c; L., 50c.

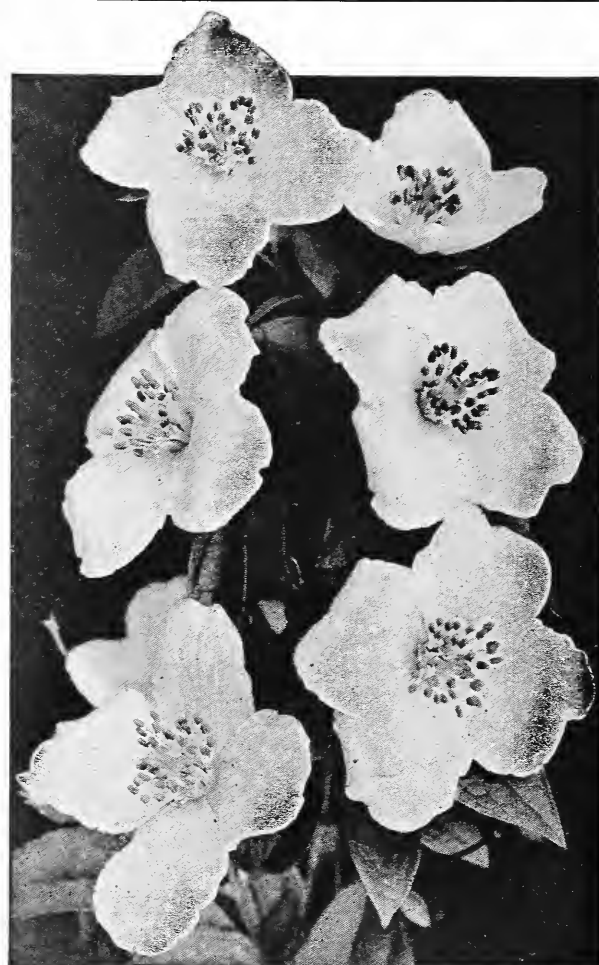

NIGRA AUREA. (Golden Elder.) (III) Has bright leaves of a clear golden-yellow. M., 35c; L., 60c.

SPIREAS This is one of the largest groups of flowering shrubs and it is rarely that a group is planned without including some of its widely differing forms.

ANTHONY WATERER. (I) May to September. Heads of crimson flowers. M., 40c; L., 50c; X., 75c.

BILLARDI. (L) A strong grower, panicles of bright pink flowers in July and August. L., 35c; X., 50c; S., 75c.

BUMALDA. (I) May to September. Rose-colored flowers. M., 40c; L., 50c.

Philadelphus (Syringa)

CALLOSA ALBA. Soft, white form; blooms all summer; dwarf. M., 40c; L., 50c; X., 75c.

CALLOSA FROBELI. (I) June to September. Flowers dark violet-red. M., 35c; L., 50c; X., 75c.

CALLOSA ROSEA. (II) Rose colored flowers. M., 35c; X., 50c.

FONTENAYII ROSEA. (II) June, July. Upright branches, pink flowers. M., 35c; L., 40c; X., 60c.

MARGUERITE. (I) Rose-colored flowers. M., 35c; L., 50c; X., 75c.

OPULIFOLIA AUREA. (Golden Leaved.) (III) Yellow tinted foliage and white flowers. M., 30c; L., 40c; X., 60c; S., 6 feet, \$1.00.

REEVESIANA. (II) May. A slightly drooping shrub covered in May with clusters of white flowers almost covering branches. M., 35c; L., 50c.

SALICIFOLIA ALBA. (II) June to September. Pure white flowers. M., 30c; L., 40c; X., 60c.

SEMPERFLORENS. (I) Red flowers in corymbs. L., 35c.; X., 50c.

THUNBERGII. (I) Fluffy masses of white flowers, fine foliage. L., 50c; X., 75c; S., 4 ft., \$2.50.

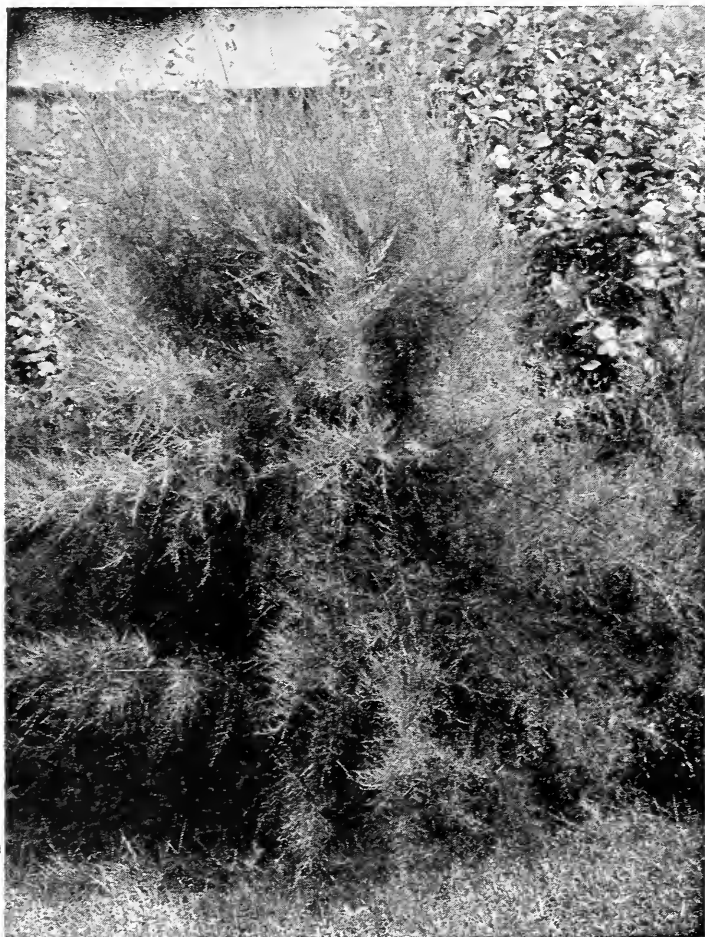

VAN HOUTEI. (II) The most beautiful of the Spirea. We recall no shrub that exceeds this in the graceful elm-like quality. The graceful branches, weighed down with a wealth of white blossoms, curve till they nearly touch the ground. It comes into bloom just before Decoration Day. M., 35c; L., 50c; X., 75c to \$1.00.

A Planting of Spirea Van Houttei

HARDY FLOWERING SHRUBS

(Continued)

Tamarix

WEIGELAS Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as to almost hide the foliage.

CANDIDA. (III) Flowers pure white, borne all through the summer months. One of the most free blooming of all Weigelas. M., 50c; L., 75c; X., \$1.00.

EVA RATHKE. A very profuse bloomer and continues to produce its dark carmine red flowers during the entire summer. M., 50c; L., 75c; X., \$1.00.

NANA VARIEGATA. (I) May. Pink flowers and variegated green and yellow foliage. M., 50c; L., 75c; X., \$1.00.

ROSEA. The flowers are rose-colored, are produced in such profusion as to completely cover the bush. Flowers in May and June. M., 50c; L., 75c; X., \$1.00.

SYRINGA LILAC. (III) These old-fashioned shrubs are always popular. No matter how small the garden everyone wants lilac.

S. MADAME ABEL CHATNEY. Large panicles, double white. L., \$1.00; X., \$1.50 to \$2.00.

S. MME. LEMOINE. Another fine double white variety. L., \$1.00; X., \$1.50 to \$2.00.

S. PERSICA RUBRA. Native of Persia. Bright purple flowers. L., \$1.00; X., \$1.50 to \$2.00.

S. PRES. GREVY. Large panicles of blue flowers. One of the best. L., \$1.00; X., \$1.50 to \$2.00.

S. SANGUINEA. A fine red variety. L., \$1.00; X., \$1.50 to \$2.00.

S. SOUV. DE LUDWIG SPATH. The flowers and clusters are very large, fine and dark in color. L., \$1.00; X., \$1.50 to \$2.00.

VULGARIS. (Old-fashioned Lilac.) The familiar species of all fine old gardens, with heart-shaped leaves and dense panicles of lilac flowers in May, still the most fragrant of any. L., 75c; X., \$1.00; S., \$1.50 to \$2.00.

SYMPHORICARPOS RUBRA. (I) A graceful low-growing shrub, with deep red berries clustered and crowded along its arching twigs. The branches take root, where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large trees or in exceedingly dense shade and thrive. M., 25c; L., 35c; X., 50c.

RACEMOSUS. (II) Milk-white berries that contrast finely. M., 35c; L., 50c; X., 75c.

TAMARIX (See cut.) Attractive, tall-growing shrubs with fine feathery foliage like that of the Junipers. Splendid shrubs for sea-shore and general planting. Flowers profusely, and are usually a delicate pink color and excellent for cutting.

AFRICANA. (III) Tall-growing, irregular shrubs with feathery foliage and small, delicate pink flowers. L., 20c; X., 35c; S., 50c.

GALLICA. (III) June. Pinkish flowers, bluish-green leaves. L., 25c; X., 35c; S., 50c.

HISPIDA AESTIVALIS. (III) July. Pink flowers. Its neat growth and blue-green foliage is very ornamental. L., 35c; X., 50c; S., 75c.

INDICA. (III) Pink flowers. One of the best Tamarix. M., 25c; L., 35c; X., 50c.

ODESSANA. (III) Pink flowers in paniced racemes. M., 25c; L., 35c; X., 50c.

PARVIFLORA GLAUCA. (III) Silvery blue foliage, showy pink flowers. M., 25c; L., 35c; X., 50c; S., 75c.

TETRANDA PURPUREA. (II) Beautiful pink. M., 25c; L., 35c; X., 50c; S., 75c.

VIBURNUM An important group of shrubs. Members of the genus are conspicuous for the good qualities needed in landscape planting. They all have good healthy foliage.

LANTANA. (III) White flowers, clusters of bright red fruit, changing to black. M., 50c; L., 75c; X., \$1.00; S., 5 to 7 feet, \$3.00.

OPULUS. (High Bush Cranberry.) This handsome shrub has bright red fruits; are in some sections used as a substitute for the Cranberry. It has large, healthy leaves, and free from insect attacks. M., 50c; L., 75c; X., \$1.00.

STERILIS. (Common Snowball.) (II) Flowers white, borne in clusters. M., 50c; L., 75c; X., \$1.00.

IMPORTANT INFORMATION

When nursery stock is received plant immediately if possible if conditions are good for planting. If you cannot plant at once, keep the roots well covered and away from the sun and air. Do the unpacking in the shade if possible. If the roots have become dry from delay in transit or other causes straw or other material should be covered over roots and tops, watering them most freely or until well soaked. Leave them remain in this condition for several hours, as it will revive the plants.

Plants, like mankind, cannot endure too many hardships. When they die there is certainly something that has caused it. A great many valuable plants that are sent out perish because of careless planting. No matter how careful we may be in lifting and packing the plants some of them may be lost through neglect before or after being planted.

Well prepared soil is also necessary to bring forth good growth, and unless the soil is properly prepared the strongest and most select plants will not thrive.

The secret of success is to have the soil well prepared so that when the plants are received they can be planted without delay. After the planting is done, careful attention should be given to watering, especially if the weather is warm and dry.

The fall instead of being months of decay and dissolution as considered by thoughtless observers, are, in reality, months of the beginning of new life.

WAGNER PARK NURSERIES, SIDNEY, OHIO

Ornamental Hedge Plants

In producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. A hedge will beautify the plainest kind of grounds and adds immeasurably to the lawn with a fence that nature provides. The wooden or iron fence is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings.

Plant from 5 to 10 inches apart, depending on the compactness of hedge desired.

PRUNING AND CARE OF HEDGES. To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out to prune back quite severely to an even height. This will encourage strong bottom growth, and makes the foundation of a good hedge.

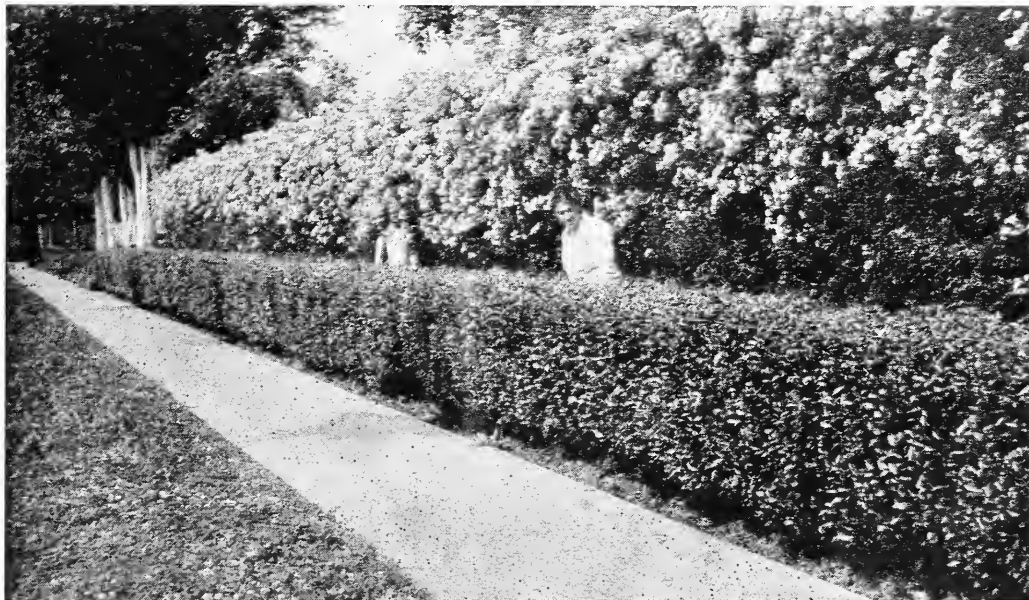

LIGUSTRUM. (Privet) Amuerense. Hardy. Glossy green foliage and of upright growth. Hardy in all localities. Nice plants, \$2.50 per dozen, \$17.50 per 100; large size, \$3.50 per dozen, \$25.00 per 100; extra large size, \$5.00 per dozen, \$35.00 per 100.

OVALIFOLUM (California Privet)
The most popular variety of all. Foliage is a beautiful dark glossy green and almost evergreen. In the northern states it sometimes freezes to the ground. Nice plants, \$1.50 per dozen, \$7.00 per 100; large size, \$2.00 per dozen, \$10.00 per 100; extra large size, \$2.50 per dozen, \$15.00 per 100.

REGELIANUM. (Regals Privet)
Absolutely hardy, and is sufficiently dense for hedges without trimming. Branches gracefully drooping. Nice plants, \$3.50 per dozen, \$25.00 per 100; large size, \$5.00 per dozen, \$35.00 per 100; extra large size, \$7.50 per dozen, \$50.00 per 100.

SINENSIS NANA. (Southern Evergreen Privet.) The most satisfactory for hedges for southern states where the foliage remains on all winter. Leaves are small and a beautiful green color. Nice plants \$2.50 per dozen, \$12.00 per 100; large size, \$3.50 per dozen, \$20.00 per 100.

IBOTA. (Chinese Privet.) An unusually good hedge plant, very hardy and produces fragrant flowers. Nice plants, \$2.50 per dozen, \$15.00 per 100; large size, \$3.50 per dozen, \$20.00 per 100; extra large size, \$4.00 per dozen, \$30.00 per 100.

Hardy Climbing Vines

AMPELOPSIS VEITCHII. (Boston Ivy.) The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. Thrifty plants, 35c; heavy plants, 50c; extra select plants, 75c.

ENGELMANNIA. A very desirable variety, small, dense foliage. Colors beautifully in fall. Large size, 40c; extra heavy, 60c.

QUINQUEFOLIA. (Virginia Creeper or Woodbine.) Foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. Large size, 35c; extra heavy, 50c.

BIGNONIA GRANDIFLORA. (Trumpet Creeper.) Useful for covering unsightly places, stumps, rockwork, etc. Flowers orange-red color. Large plants, 50c; extra large, 75c.

CELASTRUS SCANDENS. (Bitter Sweet.) Yellow flowers in June, followed with bright orange fruit. Large plants, 35c; extra large, 50c to 75c.

CLEMATIS PANICULATA. Most popular vines grown and may be used wherever a vine is needed. Glossy green foliage and a mass of small white fragrant flowers in August and September. Thrifty plants, 35c; large size, 50c; extra heavy, 75c to \$1.00 each.

VIRGINIANA. (American White Clematis.) Small white flowers. Excellent for covering rough banks and bare places. Will grow in very poor soil. Field grown plants, 35c; extra large size, 50c.

LYCIUM (Matrimony Vine.) Numberless bright red berries in fall. 35c each, \$3.50 per dozen; extra heavy, 50c.

LONICERA BRACHYPODA AUREA. (Japan Golden-leaved Honeysuckle.) Yellow and green leaves. Valuable for covering banks, bare places, etc. Flowers creamy white. Strong plants, 35c, \$3.50 per dozen; large size, 50c, \$5.00 per dozen.

HALLIANA. (Hall's Japan Honeysuckle.) Blooms constantly. Flowers white, changing to yellow; very fragrant. The best climber. 35c each, \$3.50 per dozen; larger size, 50c, extra heavy, 75c.

HARDY CLIMBING SWEET PEAS This is one of the most desirable hardy climbing plants, attractive both in flower and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences, it is invaluable. It is perfectly hardy and will endure our severest winters. Fine mixed colors, red, white and pink. Nice thrifty plants, 25c, \$2.00 per dozen; larger size, 35c, \$3.50 per dozen.

VITIS AESTIVALIS. Strong, tall-climbing vine with large foliage and small black berries. 35c to 50c.

WISTERIA CHINENSIS. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. Large size, 50c, extra heavy, 75c to \$1.00 each.

ALBA. Of similar habit to Sinensis, with white flowers. 50c each; extra heavy, 75c to \$1.00 each.

Evergreen Vines

ENGLISH IVY Dark, glossy green leaves and clings firmly to stone or brick walls. Thrives best in shady position and is hardy in all localities. Nice young plants, 25c; larger size, 35c; extra large, 50c.

EUONYMUS RADICANS. Beautiful bright green foliage. Nice young plants, 15c, \$1.50 per dozen; larger size, 25c, \$2.50 per dozen.

RADICANS VARIEGATED. A splendid evergreen creeping plant with pretty small foliage, beautifully variegated deep green and white. Can be kept closely clipped in same manner as box edging. Nice young plants, 15c each, \$1.50 per dozen; larger size, 25c, \$2.50 per dozen.

Evergreens Suitable for Hedges

THUYA ARBOR-VITAE. Bushy plants, used for screens and hedges. 1½ to 2 feet, \$15.00 per dozen; 2 to 2½ feet, plants, \$17.50 per dozen.

PICEA EXCELSA. (Norway Spruce.) For windbreaks and large hedges. 1½ to 2 feet, \$15.00 per dozen; \$100.00 per 100; 5 to 7 feet, \$60.00 per dozen; 8 to 9 feet, \$125.00 per dozen. All dug with ball of earth.

Ornamental Shade Trees

Judicious planting of ornamental trees and shrubs enhances the value of real estate more than an equal amount of money invested in any other way. Make preparation to plant in their permanent place at the earliest date possible after receiving them. If shipment should arrive in a frozen condition, do not unpack, but put in a cool place, free from frost, until perfectly thawed, when they may be unpacked and planted.

In planting make the hole wide enough so that when the tree is set out, you can spread out the roots, always avoiding as much as possible twisting and crowding the roots. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly.

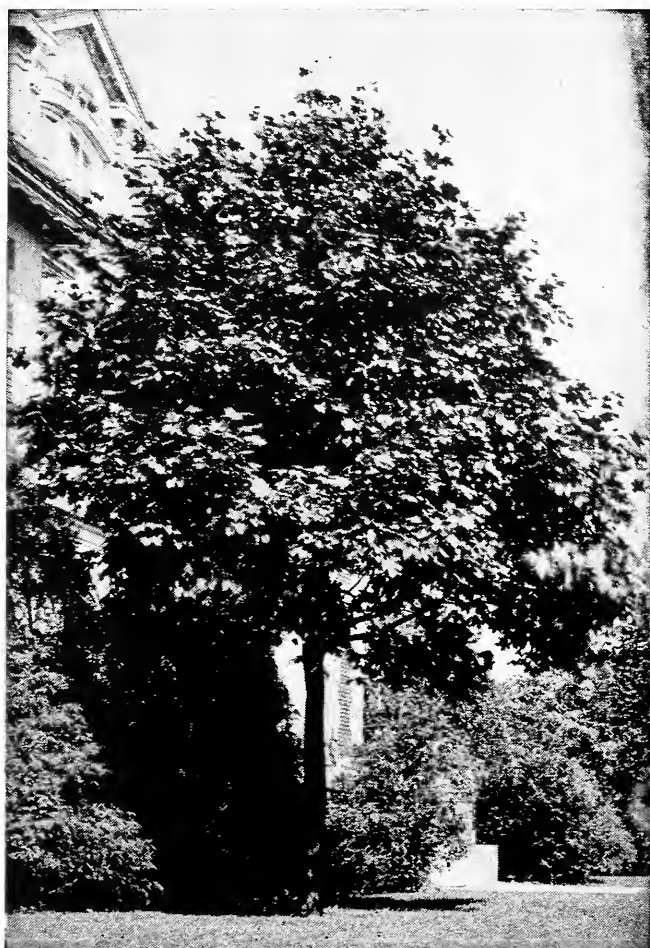

SPECIAL NOTE—In addition to the regular sizes listed, we can supply extra choice specimens which price varies accordingly to variety and size, \$5.00 to \$25.00 each.

ACER (Maple) One of the most sturdy and desirable lawn trees. Avenues planted with them grow in grandeur each year thereafter. Our assortment and stock is fine.

CAMPESTRE. Leaves green, with small white spots. 4 to 5 feet, \$2.00; 6 to 8 feet, \$3.50.

NEGUNDO. (Ash-leaved Maple or Box Elder) A handsome tree. Retains its foliage until late, making it very desirable. 8 to 10 feet, \$2.00; 10 to 12 feet, \$2.50 to \$3.00; specimens, \$3.50 to \$5.00.

Specimen Acer (Maple)

DASYCARPUM. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for most soils and situations. 6 to 8 feet, \$1.00; 8 to 10 feet, \$1.50 to \$2.00; 10 to 12 feet, \$2.50 to \$3.00; fine specimens, \$5.00 to \$15.00 each.

PLATANOIDES. (Norway Maple) Deep green leaves. One of the best: 8 to 10 feet, \$2.00 to \$3.00; 10 to 12 feet, \$3.50 to \$5.00; specimens, \$7.50 to \$15.00 each.

PSEUDO PLANTANUS. (Sycamore-leaved Maple) Foliage deep green on upper surface and purplish red underneath. 8 to 10 feet, \$2.00 to \$2.50; 10 to 12 feet, \$3.00 to \$4.00.

RUBRUM. (Red or Scarlet Maple) Foliage bright scarlet in autumn. 4 to 6 feet, \$1.50 to \$2.00.

REITENBACHI. A beautiful and striking variety because of its rich, changing foliage; decidedly purple. 8 to 10 feet, \$3.50 to \$5.00.

SACCHARUM. (Sugar Maple) Used for shade on lawn or park plantings: 8 to 10 feet, \$2.50 to \$3.00; 10 to 12 feet, \$3.50 to \$4.00.

SCHWEDLERI. (Purple-leaved Maple) Leaves bright purplish crimson which changes to purplish green. 6 to 8 feet, \$2.50 to \$3.50; 8 to 10 feet, \$4.00 to \$5.00.

WIERI LACINIATUM. (Wier's Cut-leaved Maple) A very beautiful specimen tree, with delicately cut leaves and distinct half-drooping habit. The leader grows rapidly upright, the slender lateral branches curve gracefully downward. Of noble proportions when undisturbed, yet patient under considerable pruning. 8 to 10 feet, \$2.00 to \$2.50; 10 to 12 feet, \$3.00 to \$3.50; heavy specimens, \$5.00 to \$15.00.

AESCULUS HIPPOCASTANUM. (Horse Chestnut) Double white flowered. 8 to 10 feet, \$2.50 to \$3.50.

ALNUS GLUTINOSA. (European or Common Alder) Foliage roundish wedge-shaped, wavy. Remarkably quick in growth. 8 to 10 feet, \$1.50 to \$2.00; 10 to 12 feet, \$2.50 to \$3.00; 12 to 14 feet, \$3.50 to \$5.00.

INCANA. (Gray-colored Alder) 10 to 12 feet, \$2.50 to \$3.00.

ARALIA SPINOSA. (Hercules' Club) A showy native, with broad, handsome cut leaves and huge clusters of small white flowers in July. Its winter effect is unique and handsome. 4 to 6 feet, 75c; 6 to 8 feet, \$1.00 to \$1.50; 8 to 10 feet, \$2.00 to \$2.50; 10 to 12 feet, \$3.00 to \$3.50.

BETULA ALBA. (European White Birch) Of rapid growth, attractive foliage and beautiful, silvery-white bark. Droops a little. Heavy specimens, \$3.50 to \$5.00.

PAPYRIFERA. (Paper or Canoe Birch) A native of America; forms a large tree; bark brilliant white, leaves large and handsome. 8 to 10 feet, \$2.50 to \$3.00; 10 to 12 feet, \$3.50 to \$5.00.

PYRAMIDALIS. Columnar habit. Similar to the Lombardy Poplar. 8 to 10 feet, \$2.50 to \$3.00; 10 to 12 feet, \$3.50 to \$5.00.

ALBA LACINATA PENDULA. (Weeping Cut Leaf Birch) One of the most elegant of all weeping trees, silvery white bark delicately cut foliage. Nice trees, \$2.00; larger, \$3.00; specimens, \$5.00 each.

Follow the successful growers. "The man who knows" plants in the fall. Results are better; risk of loss is less. Order now.

WAGNER PARK NURSERIES, SIDNEY, OHIO

ORNAMENTAL SHADE TREES

(Continued)

CATALPA BUNGEI. (Umbrella Tree) A small species forming a tree clothed with a dense mass of large, heart-shaped leaves; flourishes in all soils. It is grafted on stems from 6 to 8 feet high. It makes a handsome standard tree; very dense, symmetrical head. 1 to 2 year heads. \$2.00 to \$2.50; specimens, \$3.00 to \$5.00 each.

BUNGEI DWARF. Stems from 2 to 3 feet with large 3 to 5 year heads. \$3.50 to \$5.00. Excellent where a dwarf tree for formal effects is desired.

SPECIOSA. One of the most rapid growers. Large panicles of white flowers; very ornamental. 6 to 8 feet, \$1.00; 10 to 12 feet, \$1.50 to \$2.50; extra heavy specimens, \$3.50 to \$5.00.

CERASUS PADUS. (European Cherry) Pure white flowers followed by black fruit. Heavy specimens, 10 to 12 feet, \$3.50 to \$5.00.

CRATAEGUS OXYACANTHA. *Alba Flore Pleno.* (Double White Hawthorn) When in bloom a mass of clustered double, rose-like white blossoms. This is the famous May Thorn of English gardens; spreading branches and stout spines. Very handsome. 5 to 6 feet, \$1.00 to \$2.00; 8 to 10 feet, \$3.50 to \$5.00.

CYPRESS. Deciduous, see *Taxodium*.

EUONYMUS EUROPAEUS. A small tree of vigorous growth. Foliage is broad and deep green, turning to crimson in the fall. The flowers are followed by orange-scarlet fruits. 3 to 5 feet, \$1.00 to \$1.50.

FAGUS (Beech) These trees because of their elegant habit and delicate tracery of foliage, adapt themselves to the most ornamental situation. They transplant well with a ball of earth (as we handle them) and may be used for any purpose.

ASPENIFOLIA HETEROPHYLLA. (Fern-leaved Beech) Leaves deeply divided. 3 to 6 feet, \$3.50 to \$5.00.

SYLVATICA. (European Beech) A compact, long-lived tree having dense, dark green foliage. 3 to 5 feet, \$2.50 to \$3.00; 6 to 8 feet, \$4.00 to \$6.00.

RIVERSI. (River's Purple Beech) Leaves very dark purple. 4 to 6 feet, \$3.50 to \$5.00; 6 to 8 feet, \$6.00 to \$8.00.

FRAXINUS AMERICANA. A rapid growing, long-lived tree of fine proportions and a very desirable lawn tree. 8 to 10 feet, \$2.00 to \$2.50; 10 to 12 feet, \$3.00 to \$4.00.

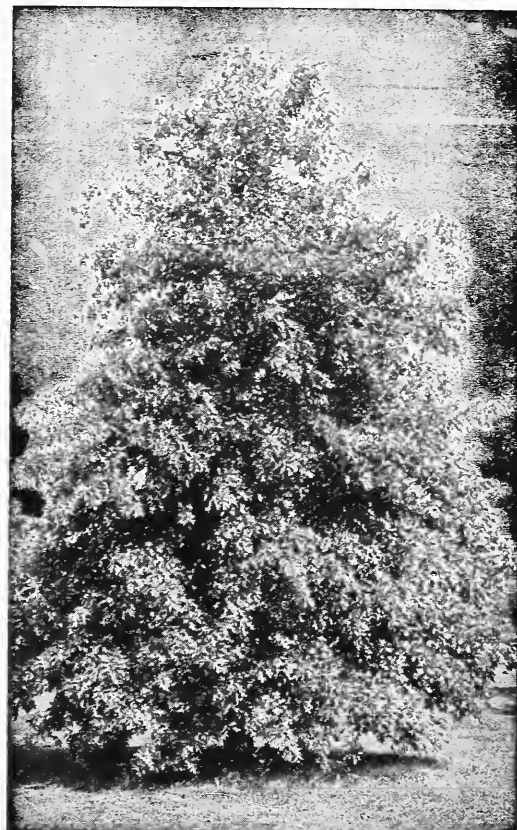

EXCELSIOR. A lofty tree with handsome foliage. 6 to 8 feet, \$1.50 to \$2.00; 12 to 14 feet, \$3.50 to \$5.00.

GYMNOCLADUS CANADENSIS. (Kentucky Coffee Tree) Feathery foliage. 6 to 8 feet, \$1.00 to \$1.25; 10 to 12 feet, \$2.50 to \$3.50.

GLEDITSCHIA TRIACANTHOS. (Honey Locust) A large, vigorous tree, with wide-spreading branches, feathery fern-like leaves, and a stout armament of thorns. Makes a fine defensive hedge. 6 to 7 feet, \$1.00; 8 to 10 feet, \$2.00; 10 to 12 feet, \$2.50 to \$3.00.

Quercus (Oak)

Fagus Riversi (Purple Beech)
An excellent lawn tree of fine proportions.

JUGLANS SIEBOLDIANA. (Japanese Walnut) Perfectly hardy, very ornamental. 6 to 8 feet, \$2.50 to \$3.00.

KOELREUTERIA PANICULATA. (Japanese Varnish Tree) Small attractive tree, covered with yellow flowers. 8 to 10 feet, \$2.50 to \$3.50.

LARIX EUROPAEA. (Larch) A conifer with deciduous needle-like foliage. 5 to 7 feet, \$2.00 to \$2.50; 8 to 10 feet, \$3.00 to \$5.00.

LIQUIDAMBAR (Sweet Gum) Glossy green foliage changing to bright red. (Shipped with ball of earth). 7 to 8 feet, \$3.00 to \$4.00 each.

LIRIODENDRON (Tulip Tree) Foliage dark green; creamy yellow flowers. 6 to 8 feet, \$2.00 to \$3.00; specimens, \$4.00 to \$6.00.

MAGNOLIA SOULANGEANA. Flowers large, white tinged purple. All dug with ball of earth. 3 to 4 feet, \$7.50; 4 to 5 feet, \$10.00 to \$12.00.

STELLATA. Semi-double white star-like flowers. 2½ to 3 feet, \$7.50 to \$9.00; 3 to 4 feet, \$10.00 to \$12.00. Dug with ball of earth.

MORUS ALBA TARTARICA. (Russian Mulberry) A very hardy and low-growing type. 4 to 5 feet, \$2.00; 10 to 12 feet, \$3.50 to \$5.00.

PLATANUS OCCIDENTALIS. (American Plane) Broad-spreading round topped, massive and picturesque. Very effective in winter when its branches show almost as white as birch, and its mottled trunk of gray, green and brown is revealed. 8 to 10 feet, \$2.00; 10 to 12 feet, \$3.00 to \$4.00.

ORIENTALIS. (Orientalis Plane) (Sycamore.) One of the oldest and best trees for street and avenue planting. A lofty, wide-spreading tree, with large leathery clear-cut leaves that turn yellow in fall.

POPULUS ALBA BOLLEANA. Similar to the well-known Lombardy. Its leaves are glossy green above, silvery beneath. Large heavy trees, 5 to 6 feet, \$1.00 to \$1.50; 8 to 10 feet, \$2.00 to \$3.00.

MONILIFERA. (Carolina Poplar.) Unexcelled for quick growth and effect, its rapid growth giving an air of luxuriance to places where other trees appear starved. Showy and cheery from the constant movement of its glossy, silver-lined leaves, yet always casting a dense, cool shade. Large heavy trees, 4 to 5 feet, \$1.00 to \$1.50; 6 to 8 feet, \$2.00 to \$3.00; 10 to 12 feet, \$3.50 to \$4.00.

NIGRA, OR ITALICA. (*P. fastigiata*) (Lombardy or Italian Poplar) Of obelisk form, growing rapidly to a tall spire. Forms a striking lawn group, and is much used for tall screens. Always makes a striking feature in any landscape. 6 to 8 feet, \$1.00 to \$1.50; 8 to 10 feet, \$2.00 to \$2.50; 10 to 12 feet, \$3.00 to \$4.00.

The fall instead of being months of decay as commonly considered by thoughtless observers, are, in reality, months of the beginning of new life.

WAGNER PARK NURSERIES, SIDNEY, OHIO

ORNAMENTAL SHADE TREES

(Continued)

PTELEA TRIFOLIATA. (Hop Tree) (D) A round-headed, loosely-branched tree with numerous clusters of light green fruit pods. Prefers a shaded position and moist soil. 4 to 6 feet, \$1.00 to \$1.50.

PYRUS AUGUSTIFOLIA. (Bechtel's Flowering Crab) Double rose-like flowers of a delicate pink color. 4 to 5 feet, \$2.50 to \$3.50; 6 to 8 feet, \$5.00 to \$7.50.

FLORIBUNDA. (Flowering Crab) A large shrub or small tree, with rose-red flowers borne in great profusion in May. The fruit is red and very small, on long stems. \$2.00 to \$3.50; heavy specimens, \$5.00 to \$7.50 each.

QUERCUS COCCINEA. (Scarlet Oak) Foliage purplish crimson in autumn. 6 to 8 feet, \$2.50 to \$3.00; 8 to 10 feet, \$3.50 to \$4.00; 10 to 12 feet, \$5.00 to \$7.00.

PALUSTRIS. (Pin Oak) The most beautiful of all oaks. 8 to 10 feet, \$3.50 to \$4.00; 10 to 12 feet, \$5.00 to \$6.00.

ROBUR. (English Oak) Massive spreading nature. 8 to 10 feet, \$5.00 to \$6.00.

RUBRA. (Red Oak) Foliage changes to bronze red in autumn. 8 to 10 feet, \$5.00 to \$7.00.

SALISBURIA ADIANTIFOLIA. (Ginkgo or Maiden Hair Tree) Fern-like foliage resembling Maiden Hair Fern. 8 to 10 feet, \$3.00 to \$5.00.

SALIX (Willows) This species of trees do best planted in low, moist soils, along the banks of streams or ponds, and where low-branching trees are desired. We supply most of these in standard or tree form if desired.

BABYLONICA. Branches drooping gracefully. 6 to 8 feet, \$1.50 to \$2.00.

PENTANDRA. (Laurel-leaved Willow) Dark green, glossy leaves. 5 to 6 feet, \$1.50 to \$2.00.

VITELLINA AUREA. Highly effective with its golden bark. \$1.00 to \$1.50.

SORBUS AUCUPARIA. (European Mountain Ash) Orange-colored berries midsummer until frost. 6 to 8 feet, \$1.25 to \$1.50; 8 to 10 feet, \$3.00 to \$4.00.

AUCUPARIA PENDULA. (Weeping Mountain Ash) Slender drooping branches and bright red berries. 2 to 3 year heads, \$2.50 to \$3.50.

Ulmus (Elm)

The most satisfactory tree for general planting, lawns, avenues, or anywhere.

Taxodium Distichum

SOPHORA JAPONICA. (Japan Pagoda Tree) Small, shining leaves. Clusters of snowy-white flowers. 3 to 4 feet, \$1.50 to \$2.50.

JAPONICA PENDULA. (Weeping Sophora) Long, drooping branches. 6 feet, good heads, \$2.50 to \$3.50.

TAXODIUM (DECIDUOUS CYPRESS) DISTICHUM. The famous Southern or Bald Cypress is perfectly hardy even in the North, and grows well on dry or wet soil. It is a most beautiful and stately tree, pyramidal in shape. 4 to 6 feet, \$3.00; 6 to 8 feet, \$5.00; 8 to 10 feet, \$8.00 to \$10.00. All dug with ball of earth.

TILIA AMERICANA. Splendid form, large stature. Rapid growing and hardy tree, affording a dense shade. 10 to 12 feet, \$3.00; heavy specimens, \$5.00 to \$10.00.

EUROPEAN. Fine symmetrical habit; has large, glossy, deep green leaves. Fine for lawn. A little more compact than the American. 8 to 10 feet, \$3.50; heavy specimens, \$5.00 to \$10.00.

ULMUS AMERICANA. (Elm) No finer tree grown. Good for avenue or suburban planting. Forms a vase-shaped tree, with irregularly shaped leaves. 6 to 8 feet \$1.00 to \$1.25; 8 to 10 feet, \$1.50 to \$2.00; 10 to 12 feet, \$2.50 to \$3.50; specimens, \$5.00 to \$10.00.

CAMPESTRIS. (English Elm) Desirable for lawn or landscape. 8 to 10 feet, \$2.00; 10 to 12 feet, \$2.50 to \$3.00; specimens, \$5.00 to \$7.50.

LATIFOLIA. The best for street and avenue planting; large leaves; compact and upright in habit. Golden in autumn. 8 to 10 feet, \$2.00 to \$2.50; 10 to 12 feet, \$3.00 to \$3.50.

PLUMOSA PYRAMIDALIS. An elegant, pyramidal-growing Elm. Rare. 10 to 12 feet, \$3.50 to \$5.00; specimens, \$6.00 to \$10.00.

SCABRA PENDULA. (Camperdown Weeping Elm) A picturesque form. Heavy specimens only, \$5.00 to \$15.00.

Great interest is now taken in the planting of Evergreens. They are unusually attractive in groups for winter adornment. Choicest varieties listed. **WAGNER PARK NURSERIES, SIDNEY, OHIO**

Note the effect in this picture obtained with Evergreen Trees in background and the hardy Evergreen Yuccas as an edging. The Yuccas flower abundantly in spring and with their bluish foliage make a fine contrast. Yuccas listed on page 20 where pictured in full bloom.

Hardy Ornamental Evergreens---Conifers

Wagner Park Evergreens have been several times transplanted. They are shipped to you with ball of earth and an abundance of roots, carefully burlapped.

From out the thousands of specimens of all sizes and shapes that adorn the landscape at Wagner Park, there can easily be selected trees, bushes and shrubbery that will furnish the desired background for any home, park or public ground. The prices are altogether moderate. We list here only the choicest and most hardy varieties.

ABIES BALSAMEA. (Balsam Fir) An ornamental native of our forests that is very hardy; has dark green needles of pleasant fragrance; grows rapidly when young and does well in moist soils. 4 to 5 feet, \$7.00.

CONCOLOR. (Colorado Silver Fir) 30 to 40 feet. A beautiful and graceful evergreen with soft, silvery-green foliage. Very symmetrical in form. 1½ to 2 feet, \$6.00.

NORDMANNIANA. (Nordman's Fir.) This massive Fir, from the Crimean Mountains, is of symmetrical form, vigorous and quite hardy. Its foliage is massive, dark green shining above and slightly glaucous below, rendering it a very handsome tree throughout the year, considered here and in Europe as one of the finest of Firs. 2 to 3 feet, \$7.50.

JUNIPERUS CANNARTI. Pyramidal compact habit, silvery foliage. 2 to 3 feet, \$5.00 to \$7.00; 3 to 4 feet, \$7.00 to \$9.00.

GLAUCA. (Blue Virginia Cedar) Throughout the year the leaves are a rich silvery blue. Very handsome and effective. 1½ to 2 feet, \$5.00; 2 to 3 feet, \$6.00 to \$8.00; 3 to 4 feet, \$8.00 to \$10.00.

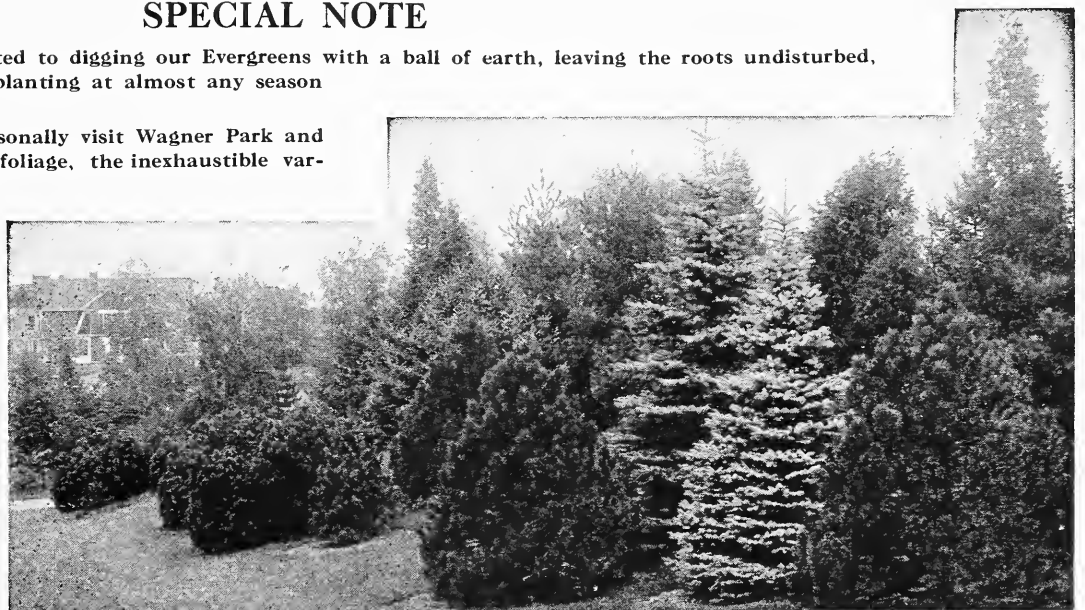

PFIZERIANA. Very graceful and one of the hardiest varieties. 1 to 1½ feet, \$3.00 to \$5.00; 2 to 2½ feet, \$8.00 to \$10.00.

VIRGINIANA. (Red Cedar) Is always popular and can be used ornamentally in a number of ways, thriving well and making a fine appearance in soil or situations where other trees will not grow. 2 to 3 feet, \$4.00 to \$5.00.

SPECIAL NOTE

Our soil is especially adapted to digging our Evergreens with a ball of earth, leaving the roots undisturbed, thus assuring successful transplanting at almost any season of the year.

For those who cannot personally visit Wagner Park and see the glorious profusion of foliage, the inexhaustible variety of color tones, the gradations of shade between the dark green of some varieties and the bluish tints of other species of evergreens, the service of our Landscape Artists will prove especially helpful. We can select trees and shrubs, conifers and deciduous plants that will answer all the utilitarian purposes of wind-breaks, border planting, shade production, and screens for unsightly vistas, no less than those purely aesthetic considerations of garden, lawn and terrace adornment.

Beautiful Evergreens can be used to make the home surroundings cheerful the entire year. Even window boxes are attractive filled with Evergreens.

WAGNER PARK NURSERIES, SIDNEY, OHIO

HARDY ORNAMENTAL EVERGREENS

(Continued)

PINUS AUSTRIACA. (Austrian Pine) A tall, massive tree with spreading branches heavily plumed with long, stiff, dark green needles. A useful species along the coast, and grows equally well inland. Popular for groupings or as specimens. 2 to 3 feet, \$5.00; 3 to 4 feet, \$6.00 to \$8.00.

BANKSIANA. (Jack Pine) Strong grower and hardy. 3 to 4 feet, \$3.00 to \$5.00; 6 to 8 feet, \$7.00 to \$10.00.

MUGHUS. (Mugho Pine) This unique alpine species forms a dark dome-shaped bush, broader than its height, and sometimes almost prostrate. Suitable for lawn specimens or evergreen groups, terraces, rockeries, and seaside plantings. 1½ to 2 feet, \$4.00 to \$5.00; 2 to 2½ feet, \$6.00 to \$8.00.

SYLVESTRIS. (Scotch Pine) A strong grower with spreading branches and short, stiff, bluish-green needles. Its rapid growth makes it suited for temporary effects, though it is by no means to be despised for permanent ones. Splendid for mass plantings, screens, shelter belts, and seashore uses. 2 to 3 feet, \$4.00; 3 to 4 feet, \$5.00 to \$6.00.

PICEA ALBA. (White Spruce) One of the very best conifers, especially for cold climates. Compact, upright-growing, long-lived, retaining its branches to the ground, aromatic, drought-resisting; varies in color from light green to glaucous blue. 2 to 3 feet, \$4.00; 3 to 4 feet, \$5.00 to \$6.00.

EXCELSA. (Norway Spruce) This, our common spruce, embraces more desirable features than any of the others. It is rapid growing, does well in moist soil and withstands the bleak and cold winds of winter. 2 to 3 feet, \$2.00 to \$3.00; 4 to 5 feet, \$5.00; 6 to 7 feet, \$10.00; 8 to 10 feet, \$15.00.

EXCELSA INVERSA. (Weeping Norway Spruce) A very remarkable form. 4 to 5 feet, \$7.50 to \$10.00; 5 to 7 feet, \$12.00 to \$15.00.

EXCELSA ELEGANTISSIMA. A very fine variety. Specimens, 8 feet, \$7.00 to \$10.00.

PUNGENS GLAUCA KOSTERIANA. (Koster's Blue Spruce) This is the most beautiful of the evergreen family. The rich, silvery-blue coloring of the foliage is a rare bestowal of Nature and one she has saved for these grand trees. It will withstand the coldest climate, is a vigorous grower, and will do well in any locality. For color effect nothing equals this beautiful variety. 2 to 2½ feet, \$10.00; 3 to 3½ feet, \$15.00; 4 to 4½ feet, \$20.00. Larger specimens. Prices on application.

PUNGENS GLAUCA. (Colorado Blue Spruce) The original form of the new famous Colorado Blue Spruce. The foliage of this tree is quite blue. It is a strong, hardy grower in any soil. 2 to 3 feet, \$7.00 to \$8.00; 3 to 4 feet, \$10.00 to \$15.00.

Picea Excelsa

RETINISPORIA PLUMOSA. Main stems erect but side shoots assume a plume like arrangement. The branches are slender and pliable, imparting a feathery appearance. Delicate, glaucous foliage. 1 to 1½ feet, \$3.00; 2 to 2½ feet, \$5.00 to \$7.00.

PLUMOSA AUREA. (Golden Japan Cypress) One of the few really golden evergreens. The color of the young growths contrasts strongly with the darker shades of the older foliage. Striking and useful in many ways. 1 to 1½ feet, \$3.00; 2 to 2½ feet, \$5.00 to \$7.00.

THUYA ELLWANGERIANA. (Tom Thumb) In many respects it is similar to the Retinispora, and seems to be the connecting link between Arbor-Viteas and that family. 1 to 1½ feet, \$3.00; 2 feet, \$4.00.

GLOBOSA. (Globe Arbor-Vitae) A low compact form with bright green foliage. 1 foot, \$3.00; 1½ to 2 feet, \$4.00 to \$5.00.

OCCIDENTALIS. (American Arbor-Vitae) Strong vigorous grower. Its upright slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedges. 2 to 3 feet, \$3.00; 3 to 4 feet, \$4.00 to \$5.00; 4 to 5 feet, \$6.00 to \$8.00.

ORIENTALIS. (Biota) (Chinese Arbor-Vitae) Beautiful green foliage. Bushy and upright in growth and very attractive foliage arranged in flat, vertical leaves. 1½ to 2 feet, \$1.00 to \$1.50; 2 to 3 feet, \$2.00 to \$3.00; 3 to 4 feet, \$4.00 to \$5.00 each.

PYRAMIDALIS. (Pyramidal Arbor-Vitae) Its compact slender column of dark green is ornamental as a lawn specimen for backgrounds and in groupings. 2 to 3 feet, \$4.00 to \$5.00; 3½ to 4 feet, \$6.00; 4½ to 5 feet, \$8.00 to \$10.00.

SIBERICA. (Siberian Arbor-Vitae) Globular shape, handsome and hardy. 1½ to 2 feet, \$3.50; 2 to 2½ feet, \$4.00 to \$5.00.

TSUGA CANADENSIS. (Hemlock Spruce) A medium sized tree with pendulous branches whose graceful character is in striking contrast to some of the formal conifers. This is a rapid grower and very hardy. 2 to 3 feet, \$6.00; 3 to 4 feet, \$7.00 to \$9.00.

Hardy Evergreen Shrub

MAHONIA AQUIFOLIA. The richness of the glossy leaves gives the Mahonia great popularity for ornamental planting. Yellow flowers in May, followed by blue berries for winter decoration. Its upper leaves are bronzed to red in winter. Nice plants, 50c; larger, 75c to \$1.00; extra large, \$1.50 to \$2.00.

Showing how our Evergreens are handled without disturbing the roots.

The charm of the garden rests in constant change and variety, which can be better secured with hardy plants than with any other. Plant them this Fall. WAGNER PARK NURSERIES, SIDNEY, OHIO

Special Collections for Verandas, Foundations, Borders, Etc.

For the convenience of those who do not have the knowledge, or have not the time to study the catalogue and select plants that will give good and effective results, we have arranged the following assortments, which are suitable for planting against veranda and house foundations or for general grouping. With these various assortments you will find some to meet your particular needs and give the same results as illustrated on this page.

ASSORTMENT No. V-A— 10 Nice thrifty Hardy Shrubs, \$ 2.50.	Extra large plants for immediate effect, \$ 5.00.
ASSORTMENT No. V-B— 20 Nice thrifty Hardy Shrubs, \$ 4.50.	Extra large plants for immediate effect, \$ 9.00.
ASSORTMENT No. V-C— 25 Nice thrifty Hardy Shrubs, \$ 5.25.	Extra large plants for immediate effect, \$10.00.
ASSORTMENT No. V-D— 50 Nice thrifty Hardy Shrubs, \$10.00.	Extra large plants for immediate effect, \$20.00.
ASSORTMENT No. V-E—100 Nice thrifty Hardy Shrubs, \$18.00.	Extra large plants for immediate effect, \$35.00.

Wagner Hardy Borders Are Perennial Pleasures

Wagner Hardy Borders are made up of the handsomest and hardiest of Perennials and Herbaceous Plants already arranged for setting out with a view to securing the finest effect in the space at command and the longest period of harmonious bloom.

Varieties in every Wagner Hardy Border are labeled, numbered and packed in proper order for planting. You can make a perfect picture of your place with one of these artistic color schemes. And REMEMBER!—once established, a Wagner Hardy Border needs little care for years.

These collections are suitable for borders along fences, screens, boundary lines, walks, and formal gardens.

ASSORTMENT No. B- 1—For bed 4x10 feet, consisting of 15 thrifty Hardy Plants, \$ 2.25.	Extra large plants, \$ 3.75.
ASSORTMENT No. B- 2—For bed 4x20 feet, consisting of 30 thrifty Hardy Plants, \$ 4.50.	Extra large plants, \$ 7.50.
ASSORTMENT No. B- 3—For bed 5x10 feet, consisting of 20 thrifty Hardy Plants, \$ 3.00.	Extra large plants, \$ 5.00.
ASSORTMENT No. B- 4—For bed 5x10 feet, consisting of 20 thrifty Hardy Plants, \$ 6.00.	Extra large plants, \$10.00.
ASSORTMENT No. B- 5—Nice thrifty Hardy Plants, \$ 3.75; in extra large plants, \$ 6.25.	
ASSORTMENT No. B- 6—50 Nice thrifty Hardy Plants, \$ 7.50; in extra large plants, \$12.50.	
ASSORTMENT No. B-17—20 Nice plants, "Wagner Iris," \$2.00; in extra large plants, \$3.50.	
ASSORTMENT No. B-18—15 Nice thrifty Eulalias in three varieties, large plants, \$2.00; extra large plants, \$4.50.	

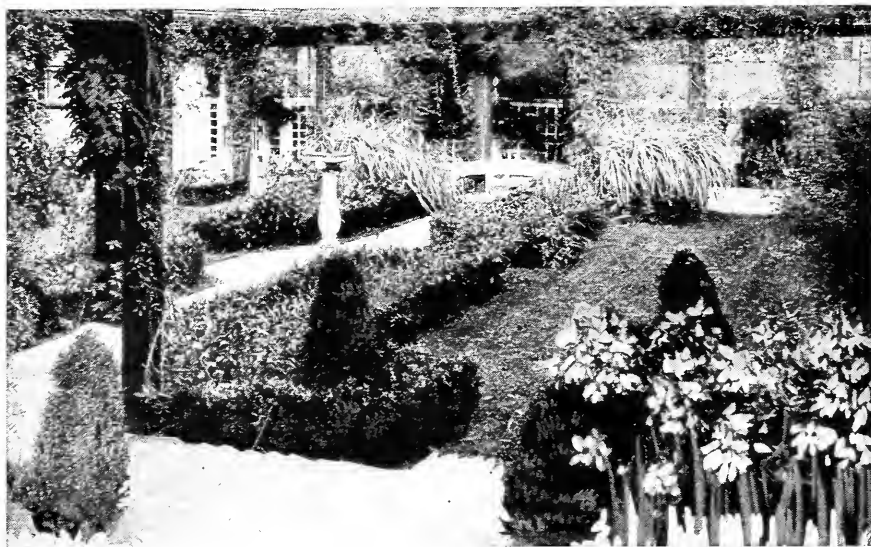

We always ship proportionate quantities of tall, medium, and dwarf varieties in filling orders for these collections and label the plants so anyone can properly arrange them that the most artistic and pleasing effects are obtained.

NOTE—Anyone desiring a plan for planting any of the Collections offered above may obtain same by sending us, with their order, a rough sketch with dimensions of that part of grounds desired to improve.

WAGNER LANDSCAPE SERVICE

makes possible *immediate* effects.

Send Us a Rough Sketch

of your grounds, showing locations of buildings, walks, drives, if any, also trees and shrubbery, or any other permanent things already established and that are not to be removed. Show location of all entrances to lot and buildings, any objectionable or desirable views from the residence, and grades of any importance. Photographs will also be of valuable assistance if convenient to send. The sketch need not be drawn to scale, but should show the width and depth of the lot, and other principal dimensions.

While our Landscape Service is complete in every detail, perfectly equipped to plan layouts and supervise the planting of all private and public grounds, we maintain a department especially for the owner of the ordinary home grounds. For a special fee of only \$2.00 we are prepared to make a plan for your grounds—giving you a garden that will bloom from springtime to frost. At the same

time you receive a coupon for the \$2.00, good for credit on an order for plants amounting to ten dollars or more. You receive a sketch drawn especially for your grounds—one that will mean an individual beauty and distinctiveness for your grounds,

and you get the
personal service of **Janet Brown**

Janet Brown is an artist in the designing of home gardens. She has made an extensive study of effects and her work is attracting unusual attention, not only for its originality, but for its perfect harmony of design, even with the smallest grounds.

She has spent a number of years in this work, and shows promise of becoming one of the most famous Landscape Artists of the country.

We wish to impress upon the minds of our customers that this is not a scheme of any kind by which we are receiving pay for the sketch, but it is done only as a safeguard against some curious persons that would impose upon us and ask for plans with little or no intention of making use of them.

We Design and Plant Large Public and Private Grounds of All Kinds

Planting and furnishing stock for Parks, Factory Grounds, Schools, Universities, Sanitariums, and Hotel Grounds is one of our specialties, and we are prepared to plan and advise how and what to plant to produce the best results and with the least amount of labor and expenditure. Call on us when in need of such service; we assure satisfaction.
